REV. HYUNG JIN MOON

NEWFOUNDLAND, PA

Now, we spoke last week about “Breaking the Silence,” and there was like eight thousand views, etc. And, I think we have to be careful that we don’t get suck up, eventually, because it’s very important that this doesn’t become about man, but it becomes about God; so, I think in that spirit, I want to talk about... Actually, I want to go back to Mark 8, and this is where we saw 36, 37 and 38. We read this last week, but I want to focus in on this. This is really the core of what we’re talking about, now, with the World Church, really. Let’s read this together:

Mark 8:36 For what shall it profit a man, if he shall gain the whole world, and lose his own soul? 37 Or what shall a man give in exchange for his soul? 38 Whosoever therefore shall be ashamed of me and of my words in this adulterous and sinful generation; of him also shall the Son of man be ashamed, when he cometh in the glory of his Father with the holy angels.

Amen! I want to take out attention here, because last week when we shared some of the things we had to go through, we got kicked out of the Palace, this and that. But, I want to focus in on 38, because it says, “Whoever... shall be a ashamed of me,” and this is Christ speaking, “Whoever is ...ashamed of me and my words in this adulterous and sinful generation; of him also shall the Son of man be ashamed;”

If we are ashamed of God, God also will be ashamed of us, when he comes. And, I think this is a very important Scripture to digest at this time, because were really not fighting our battle with flesh and blood. This battle... This is a Cosmic battle. This is spiritual warfare, as the Scripture talks about. There is an evil force. Satan is real. He does use his instruments, and he does use people. And, I think, this Scripture is so important for us to meditate on. It’s very interesting, that I try to put all my thoughts down unto paper. I try not to forget anything. These are not easy speeches to give.

These things are very real. We had to experience them. They’re filled with so much emotion and pain. So many hurtful things. It’s not easy to share; but, in the wilderness, God lead us. When, I look back on it, the last two and half years, God lead us to study certain things.

For me, I never studied politics before in my life. I mean, I studied Theology. I studied Religion. I did lots of meditation. You know, I studied different religions. I never was interested in politics. I thought spiritual people should not study politics, or should not understand politics. It’s not spiritual.

But, it’s interesting. When I came to the Bamidbar, or the Wilderness. Bamidbar is wilderness in Hebrew, and it comes from the word Dabar, which means the Word. Look them up. So, the Bamidbar is where you hear the Word of God; but, why would He tell me to study politics? Why would He tell me to study how politics is used to control populations? How, a predatory class, uses the understanding of politics to create control?

I mean people thought we were crazy talking about this kind of stuff; because, we were looking at things, looking at things like different, the alliance of monopolies, the networks in the real world of what happened. Monopolies. Power transnational corporations. Central banks. Bankers that use their money to control the likes of money, so they can get control of governments. They can get control. They could buy Politicians.

We talked day after day. We studied service after service, how even the Presidency is up for grabs; because, we have unlimited campaign contributions. Big corporations, they could buy the Presidency of nations. We also looked historically, how money changers, the bankers, how they were actually starting wars. Funding both sides of the wars; because, if you bet on the Broncos and the Patriots, whoever wins the Super Bowl, you win.

We saw these techniques that are used by a predatory class to actually centralize and monopolize power. We also came into the presence of God warning us of His Judgment. We also looked at the Harbinger. This came into our presence. This came into our midst, and we referred to studying, God is warning America. He's warning the free world, a world that is turning from Him. A world that is desecrated. Desecrating the countries that are consecrated to Him.

We looked at these things as to how God's Judgment comes upon Israel when they were defiant. When they don't turn from their wicked ways and repent and pray. We also see in the Christian world at large the third point. The opposite of the third point, I would say, is that Christians are being targeted as radicals, or have a radical ideology. By the establishment of different countries, notice how they don't target Islam, but really Christianity they targeted. We talked about it so many times. When I came into the Bamidbar I came into an agreeable relationship with Jesus.

One of the first Revelations we received now, that Father and Jesus are one in Spirit. In the Spirit World, they are moving together as one. We found that to be real. We saw that happen before our eyes. People who were sick. People who had cancer and had it removed. We saw these signs and wonders in the Bamidbar. I wonder why God, why are you leading us to see these things? Why is it necessary that we observe these things?

You see this as we look at our Church hierarchy. We talked last week about it. We actually think the Church is like this. This is what we think. (a graph is shown on the screen) We think the Church is along these lines. We think, of course, True Father is at the top. Now, True Mother is there. That the word will come down through the WMD, the World Mission Department. Of course, when I was crowned the Successor, and made the International President, I was a head of the World Mission Department; and, so all the memos, all the international memos, I think would come the World Mission Department from Korea to Japan, the dependent Church, the USA Church, Australia Church, African Church, everywhere. This is probably how we think the World Mission organization is structured. Right? This is quite common.

But just like the real world, where we think the President is actually in control. Where we think the President is acting on his own. Where we think the President or the leader of the nation is the most powerful man in the free world. Isn't this a common statement? We think the President of the United States is the most powerful man in the free world. No, he is a salesman for the most powerful man.

See, this is really how the actual structure looks like. This is how the actual Church hierarchy looks like. The World Church, True Mother is not a top down structure. This is what people don't understand. There's actually an alliance of groups, of all three key groups that are in control of the Church. One of them obviously you know. It's very obvious. It's Cheongpyeong. That's one of the groups. There's also two other main groups; and, what's interesting about these groups, is that, they don't actually like each other. They're actually competing to create a monopoly of their group over the other, but they decide to work together for a common goal.

What they'll do is also monopolize the Queen's time, so they'll take up as much time during the day, when at least some people from their group, so that they can push a particular agenda upon the Queen. Understand what I mean? These groups are essentially monopolies. They're monopolizers. They're similar in spirit through the Predatory Elites, who wishes to monopolize power; and, then behind the scenes, use politicians and use Presidents. Use Royal families to do what is beneficial for them, but behind the scene, you don't know. The general populations does not know that they are pulling the strings, so they have what is known in politics as "plausible deniability." We'll get that one later. This is how the real structure is comprised of. We think it looks like this. We think that's how it works. This is the total ignorance of the normal member who does not understand the real structure.

You know, there is a psychological syndrome. We covered this so many times in analyzing how politics is used and/or Terrorists groups can be used; but, there's one phenomenon that happens. There's a very interesting phenomenon, because I think it's very relevant.

Stockholm Syndrome

The Stockholm Syndrome, or capture-bonding is a psychological phenomenon in which hostages express empathy and sympathy and have positive feelings toward their captors, sometimes to the point of defending and identifying with the captors. These feelings are generally considered irrational in light of the danger or risk endured by the victims, who essentially mistake a lack of abuse from their captors for an act of kindness.

Stockholm syndrome can be seen as a form of traumatic bonding, which does not necessarily require a hostage scenario, but which describes, "strong emotional ties that develop between persons where one person intermittently harasses, beats, threatens, abuses or intimidates the other.

Just yesterday, I don't know, someone sent us the video when Father Crowned us. Oh my goodness, what a... It was like I was watching a movie. I was watching a movie, and it didn't even feel like that was happening. You know, who are those people. And, it's in the Palace and everybody's singing, and Father is giving this incredible Blessing. Oh, my gosh! And, I see Mother. She's so happy. Father was so happy.

When I was giving my speech, I was so nervous. You could tell I was so nervous. I was like shaking up there; and, Mother was like laughing cutely at my shaking. It was adorable. She was actually very proud. I'll show you the video one of these days. I don't have it right here.

This is what people don't understand. These three main groups, they constantly always psychologically threaten Mother. "Oh, Mother. If you do this, will have this legal issue." This is

what they call in the inner circle. “Oh But, the legal issues come up again. Oh, we shouldn’t do this or that.” Anything that that they don’t want, they would say, “Oh, there’s some legal issue there.” They will constantly use this tactic on Mother. We had to see this for years and years and years.

See, our Queen is a hostage. This is what people don’t understand. You think she’s up there alone. She’s ruling the World Church. You think she’s making all the decisions; but, you don’t know the inner circle. You are not part of the inner circle. The reality is, she is not in control.

The orders that come down from there, and the local Pastor is probably going to be a nice guy. I know. He’s way down the chain, there. I mean, he’s nowhere near the inner circle. You have to be at the national level to understand it, if you are part of leadership in the one of the main national churches – Korea, Japan, America; but, if you’re in a smaller church, you may not even be included in that. But, once you become a National Leader in the major churches, then you’ll begin understanding who are the hidden rulers. Once you get to the National Director and above, you will start see being clearly; and, you will have to kiss the rings of not only Mother, you have to kiss the rings of the hidden rulers. What I call the demonic alliance - dark alliance.

You will have to kiss the rings to get their blessing. If you cross them, they will come after you. If you help them, they will reward you very, very well. And of course, that’s with money that they’re stealing from members.

So, I want to look at some of the things that I talked about last week, but we’re going to go in in depth a little in each one of these entities. These are some of the major things that were changed after Father past. You’ll notice, right after he passed. Not discussions before. Not discussions two years, three years and before. No. Right after he passed, there was a mad rush, a mad rush to start changing and erasing all the declarations, and major Ceremonies, major Covenants were targeted.

In Cheon Il Guk, there is a King. Amen! There’s a King, and the King gets to decide what will be in the Kingdom. Nobody else gets to decide that. The King gets to decide what the National Anthem will be. What will be the Spirit of that nation. Cheon Il Guk means the Nation of the Kingdom of God.

The King gets to decide what will be the Sprit reflected in the Anthem, and what will be the Spirit in the Kingdom of God. (Amen from several people in the congregation) Look at the song that Father chose? It is “The Blessing of Glory.” There is one verse missing here; because, I got it from the Web and they didn’t have the third verse, but obviously there’s one more verse, so when we sing it, or when we got to sing it today, we saw it.

But, look at this. This was in the death camp, the torture camp of Hungnam. Father wrote this song, birthed, conceived. Father wrote this in the torture chambers of Hungnam, and look what he’s singing about? He’s not singing about, “Woe is me!” He was singing about, “Now, the light of glory arises, like the sun that shines on high. Now, awaken to freedom.”

He’s praising God in the midst of death. People dying of famine, not being able to eat. Other people coming in and ripping out the rice balls out of people’s mouths and eating them themselves. In this kind of torture death camp, where he’s being stripped. Where he’s being tortured. Beaten. This is the song and Spirit of the Kingdom of God.

“We are called to bring back the glory to the life of God above. Now the Lord in His greatness fills the universe with tender love.” This is why he’s being tortured. This is the Spirit where the Kingdom is born.

“From the dark of death I awaken and rejoice to live in grace, when the one who came to save me holds me tenderly in His embrace.” Lord have mercy. That is the Spirit of the Kingdom of God. Who else, but Satan will want to change that? How else but Satan would want to get rid of this as the Spirit of the Kingdom of God?

This was the battle we had in the Palace when Father past. You had these three Monopolies coming in. They already had these long relationships with Mother. Two of them were hidden. Actually, they were not even Leaders when Father was here. They were not even meant to be Leaders; but, they rose quickly to prominence riding the back of the other monopolies, and this was the advice.

You see, Satan... Satan doesn’t come in a Command you to do things, folks. Satan will suggest for you to do things. He won’t say, “Jump in that. Jump in this. Go there. Do that.” He would say, “Oh, maybe it would be fun if you did that. Maybe, it would be really cool, if you took that gun. If you’d sleep with that girl.” Whatever it is. He would come in and suggest to you, suggest; because, he wants to say, “You chose to do it.” Look at what they suggested about the “Blessing of Glory.”

The song is too depressing. We need an uplifting song. We need something that represents the new age of Cheon Il Guk. We need something that is connected to Chungpyung Palace. This is the suggestion that you’re giving to a Queen, who is vulnerable. She just lost the love of her life. She lost her King, and in her vulnerability, come in and emotionally tie and empathize and pretend, You are the one who truly cares and understands all the pain and sorrow, and then suggest.

What did Father say, when he was in Hungnam Prison? He said, **“Even when I was tortured to the point where I threw up blood and collapsed, I prayed, “Dear Heavenly Father, please do not shed tears over my blood. This is going to be shameful blood, and my tears will be soaked in lamentations and resentment. I do not want heaven to sympathize.” Therefore I did not pray for myself, even when I went into prison. In the light of the world of heart, this is what one must do.” (26-20, 1969,10.14)**

And they said, “Oh, so depressing. Blah. That’s like so negative. That’s like so depressing. We need something more uplifting. Forget the prison. Forget all the tortures that the Messiah had to go through to save us. We need a happy, happy, happy, happy song.” Who else, other than the spirit of Satan would twist this like this? Who else than the spirit of Satan it so ,that, we would separate from the Spirit of the Kingdom? This is the structure that True Father mandated that would be the structure. True Mother would be on top, then the order would come through True Mother. It would come through the World Mission Department, whereas the International President I was there to be maintain the checks and balance. Then it would be distributed to Korean, Japan, America, etc.

So, what do you think was the primary target right after Father past? What’s problematic in this little structure that Father created? If you’re the three hidden Rulers, you have a little bit of a problem, and at that point I wasn’t bald, but that problem would have been right there. We need to

get rid of that. We need to get rid of that check and balance, so that, if you can get control of Mother, you can get control of the whole Church, and that's what they did.

There was a mad rush after Father past, mad rush to fire Kook Jin Nim; because, they thought, "He's very strong, and he's a good fighter, and he cleans up house from those who are corrupt, and he keeps them accountable; so, of course there was a mad rush to get him out, and then of course to get me (Hyung Jin Nim) out. Again, we don't harbor any feelings toward the people; because, we know they're possessed. They have a spirit of Satan that is behind them. It is not a battle between flesh and blood. Amen!

And then we got to the Scriptures. The Scripture were Father said, **"You should realize that everything I have taught you is in accordance with the reality of the next world, and follow these teachings. In any event, this is a path you all need to tread. Unless you follow the teachings of True Father, you cannot cross over the summit. There is no other guide."**

This was the next thing on the list to target. After the structure, after the spirit of Cheon Il Guk, the Anthem. The next thing was the Scriptures. You see, I am of the humble opinion that if the Messiah decides what will be his Scripture that will last in eternity, you can't change it. If he decides what will represent him as the King, then no one can change it; because, if you do, then you think you're the King, and you are not the King. You are not Messiah. You are not the King.

These were the suggestions that were made. "Oh, Mother, it is so repetitive. It repeats itself over and over. There are so many repetitions. And, it's very unorganized in our humble opinion. It's not organized well." Notice Satan never comes in not so well dressed. He comes in with his five thousand dollar Versace suit, with his neck tie, pin stripe, clean cut shiny designer Italian shoes. "Oh, you so very, your Queens's. You look beautiful today. You look great. That new haircut." Common base first. Make a common base first. "Oh, we have just a very brief presentation. We have some suggestions we love to show you. Do you have time for that? Thank you so much, your Majesty. Oh, there's problematic teachings of True Father there. Problematic teachings." I guess, if you get to decide what is problematic. You see, I guess if the Messiah read his own Scripture eleven times every day during Hoon Dok Hae, and he said that will be the Scripture, it's over. He said over and over, it's finished, finished, finished. Completely finished. Finished. When he says one of these sentences, you think they may repeat? But, one of them may save somebody in the future. You don't know who it will save. You change one word, and you are killing somebody. He needed that word.

You have just killed somebody who have been otherwise saved by that word. You just killed him. You see, you are not the Messiah. The Messiah gets to decide what his Word will be. "There are statements about people. This about Cheong Pyeong. Blah, blah, blah. This or that. Oh, these words are not included, etc. Okay. Yes, yes, yes. We can package that in a really beautiful way and that. Oh, and the design will be so beautiful." Misdirection. "Oh, will have a beautiful box, and oh yeah, we brought a sample of the box and... it so beautiful. Blah, blah, blah. Oh what beautiful..."

All this Father had already worked for years to create that kind of captured bonding. Psychology and spiritual presence. Now, multiply a mother who is grieving, because she just lost her King and Messiah.

The Family Pledge, which Father said, **we needed the Family Pledge. We need it. We will need it. Which one is it? We need it! That's the way it is. It will be the motto for thousands or tens of thousands of years. It's amazing! (261-98, 1994.5.22)**

What's more amazing is, Family Pledge didn't last two weeks. It didn't even last two weeks, until it was redacted. The one that Father written by his own hand. It didn't even last two weeks after he was dead, even though he said, "It has to be a motto for thousands and tens of thousands of years," which in Asia it means forever. That's what it means when you say Og Mansei! Forever and ever and ever!

What was the suggestion to do this? "Well, you know, there's not really any mention of Cheon Il Guk in the Pledges; so, maybe in the Eighth Pledge where we talk about the Completed Testament, we could get rid of that, and we could bring Cheon Il Guk." This of course effecting all ties with our roots. All ties with Providential history. All ties of the Old and New Testament will lead to the Completed Testament severing those ties in our Pledge. Severing out roots all the way back to Adam.

Who else would do this? I know my Mommy wouldn't do this. She lived fifty years of her life. Fifty years of her life serving Father with absolute faith as the King, as her King, and as her Lord and Messiah. That's why we all loved her. That's why we all looked up to her. Every one of those things go into direct opposition to every single day of her life with Father, which is the reason why I know she is a hostage.

Oh, if you were Satan. If you were Satan. What else? What main thing would you target to change? If you were Satan, what else would you change? If the Messiah came to the Earth to give the Blessing of marriage and the Covenant of the Marriage of the Lamb to all peoples, and he wrote that Covenant by hand, and every single Bless Central Family in the history of the Church was Bless, married under that Covenant, what would you do, if you were Satan?

Covenant of the Blessing 5.4.6 The glory of the Blessing

"Why do you all like me? Because I go through suffering to save you and liberate all of humanity. Unless, I suffer, you cannot receive the Blessing, even if you wait for billions of years in the spirit world. I made the impossible possible through suffering and enlarged the domain of this precious Blessing. This is something glorious an brilliant for the spirit world and for the physical world. (162-67, 1987.3.27)

It is the most sacred gift that God had wanted to give since Adam and Eve. It is a gift that Father bestows on His children in complete Covenant with Him. That is what God wanted to do with Adam and Eve. Bless them. To see that they would be fruitful and multiply and have children and beautiful grandchildren. See them build the Kingdom. We have known this is why from the beginning.

This was targeted. The Blessing was targeted to change it. Notice how, when Satan has something to tear down what is God's, he used it, it twists it. He twists it. Notice, he doesn't get rid of all of God's Word. He just changes it around. "Oh, we just changed it around a little bit." That's called spiritual warfare, my friends. That's called, "Who are you becoming under dominion of?" The

Blessing was written by Father's hand for all of you, for all the people in the world received. It is no more.

What if they suggest to Mother, "Oh Mother, your eyes are so tired and weary." Notice that empathy, that common base making. "Oh, it must be so painful. Oh, maybe we can just shorten the vows. Maybe, we can make it easier on you, so we can shorten the vows," that True Father died, and died, and died for. "We can just shorten them. Oh, it's just so tiring on your eyes. Oh..." We live in an age of technology, where you simply could just play a recording of Father doing the Blessing, and at the end, Mother could say, "Do you accept?"

But, notice how Satan... He knows he could just play the radio, or the little tape recorder of True Father's voice. He knows she could just do that. So, we were saying, "Don't change the vows. Do the recording. Duh!" But, no! We have to change the vows. "We have to change them to make it easier for Mother." Notice that? Notice that it's always for Mother. Right! You know what that's called? It's called desecration. This is what it's called. It's called desecration, when you desecrate the Temple of God. This is what Antiochus did, when he came into the Temple in Jerusalem. He desecrated the Temple.

Now, you no longer receive the Blessing. I know members are going to hate me for saying this, because in the past few years, many of their kids have gone to the Blessing. You're not receiving Father's Blessing. You're receiving the Covenant that has been written by the hands of archangels. That is what you're receiving. You are not receiving the Covenant that the Messiah wrote, and all Blessed families have been married under.

"Oh, what's the big deal? Why are you so fanatic, Mister?" You know why? Because I believe in Messiah, that's why. I believe in the King, that's why; and, what he says and what he reads, stays.

And then you have God. Even God was changed. Father, his whole life prayed, "God." "Heavenly Father" He said, "Heavenly Father save the mission. Heavenly Father, please don't weep. Heavenly Father, don't cry for me. Heavenly Father, let me carry your cross. Heavenly Father, I love you. Heavenly Father, please don't lament over this time. Heavenly Father, guide America. Heavenly Father, guide the world. Heavenly Father, guide us." He didn't pray to Heavenly Father because he is a Chauvinist or a Misogynist, or a phallocentric man who hate women, He prayed to Heavenly Father, because the Principle says. Yes, God has masculine and feminine within Him; but, He is the Subject position to humanity, which is the Object. So, when you pray to your Father, your praying to the Absolute Subject. He is the Subject of your life, the center of your life, of everything.

"Oh, Mother, you are also God. You are also God. I mean, you are also Messiah." This is what they told her. "You are also God. You know, Divine Principle says, there's a masculinity and femininity of God. Yes, God is Heavenly Father, Heavenly Mother. You also are God." And of course, they also tell the True Children that. "Oh, you have a Divine Light within you. You are gods, too. Yes, you are."

You see folk, this is called a move away from Monotheism. Then comes di-theism, and then comes resurfacing of them all. I guarantee you, I guarantee that in the future you will have members of the True Family, it could be Third or Fourth Generation, who will say, "I am also God, and so is

everybody else.” Like every pagan religion, like the Egyptians, like the Assyrians, like the Babylonians, same thing, different mask. Same Relativism. Same anybody’s God and there is no Godism. Same thing.

Other than the fact that you have a real issue, if Heavenly Father had a Divine heavenly mother, well, He would have no need for an Object partner of love. “Well, I guess the Principle’s completely wrong, wouldn’t you say? It was humanity that was necessary to be an Object partner in God’s life. Oh, Heavenly Mother was there. She’s a multi-dimensional divine being. She can relate to her on so many different levels. These three dimensional clay dust formed people.”

You see, once you depart from God, it is endless, and this will be told. We were on our knees in the Palace. I was on my knees, I had my head in my Mommy’s lap. In her lap. I had my arms around her, crying, saying, “Mommy, don’t do this. Please, don’t do this. If you change the Scriptures, I studied religion. If you change the Scriptures and the tradition, there never be unity again; because, you will have Communities that will follow Father’s Scripture, and you will have other communities that follow Mother’s Scripture, and then you will have these other Relativist communities, who think they are very creative and say, “Hey! Will just accept both.” That’s not creative. That pattern is everywhere. Don’t think that. That ain’t creative. You see that in every generation, in everywhere in history. That’s not creative. That’s not innovative. It’s stupid. It’s the same Relativism.

You see, I studied philosophy, and I studied psychology, and I studied religion; so, I told Mommy, “If you do this Mommy, if this becomes official, there’s going to be split forever. Does Father want that?” I asked her. I was asking her. I asked her. “Did Father want that? Does he want to see his tradition, split?”

And, we see a huge cultural shift, now, that has overtaken the Church. See, that if you pray, “Please Father,” you’ll have someone in the Church say, “Hey, what about Mother?” As soon as you want to praise your Messiah and you can’t, you get an insecure, self-appointed person, who wants to judge your humanity and say, “You don’t believe in the Queen, and True Mother?” This is nothing other than a demonic spirit. Whenever, in the Church, whenever in the Unification Church, whenever.... When was it taboo? When were you ever attacked for praising the Messiah? When? Name one time. When? It doesn’t exist until now.

You see, we have so many people, who are unknowingly, completely postmodern humanists, who are interpreting True Parents through their postmodern third way feminism lens; and, let me tell you something from the Son of True Parents, okay. Let me tell you something from a son. In True Parents, there is an Absolute Subject; and, there is a King in True Parents. I know people want to believe it’s fifty-fifty. That would make you feel good in the postmodern world. In the humanistic world. That would make you feel good. “Yes, we’re so modern.” No! You can’t bend Messiah to fit you. You must bend your life to fit the Messiah’s. Doesn’t matter whether you like it, or not. If it’s what it is, that’s what you accept. That’s called, “Love!”

When has it ever been frowned upon, when praising the King? When? Never! Never! This is a demonic culture that has been built, and it starts straight from Satan. You call it what it is, because that’s where it originates.

Plausible deniability. What is this? From Wikipedia (older definition)

The term most often refers to the capacity of senior officials in a formal or informal chain of command to deny knowledge of and/or responsibility for damnable actions committed by lower ranks because of a lack of evidence that can confirm their participation, even if they were personally involved or in at least willfully ignorant of said actions. In the case of legal or otherwise disreputable and unpopular activities become public, high ranking officials may deny any awareness of such an act in order to insulate themselves and shift blame on the agents who carried out the acts, confident that their doubters will be unable to prove otherwise. The lack of evidence to the contrary ostensibly makes the denial plausible, that is credible. The term typically explains forethought, such as intentionally setting up the conditions to plausibly avoid responsibility for ones (future) actions or knowledge. That's what is called plausible deniability folks. Let's look at the scenario.

Well, if the truth comes out that there are hidden Rulers that have control of Mother's psychological wellbeing, spiritually, emotionally, that use the power of suggestion to make her have her do things for them. Let's say the truth comes out, and they're exposed. They could deny it, and blame True Mother for executing the actions. "Oh, no, no! We never told her to do that. We never suggested that. She wanted to do it." That's plausible deniability. But, if the truth does not come out, well, they can enjoy their little secret, having all the Blessed families now following them. You now are getting married under the Covenant of by the hand of archangels, and you don't even know it. That's why, when I start giving the Blessing, I'm going to give it with the Original Covenant Vows. Every Blessed family will receive it, written by Father and given by True Parents. If you want to offer your marriage to archangels, go on ahead. I'm not going to do it, and neither are my children going to do it. They're going to be married under the Messiah's Covenant Vows. Amen!

Your little secret is out. What will they do? They saw. It's obvious what they do; because, we know the Palace Court. We know exactly how they operate. We know they are out of their minds. We know them very well. We know exactly what they'll do. Obviously, they'll ask members stop watching, supporting my ministry. It's so obvious. Duh! They'll also say, and they'll get Mother to sign a document saying that she actually wrote it, and they'll print it up. They'll have a celebration saying, "Look what True Mother wrote?" Again, see, plausible deniability, and blaming True Mother. When they lose their income, and people will come and people will receive their real Blessing, and they start losing their money from the counterfeit Blessing they're giving, they probably will change it back.

I predict, they'll change it back. They'll say, "Oh, no, no, no! We never changed it. You see who did?" If your fooled by that, you're the fool. If you are fooled by that, you are nothing other than the fool. If you can be hoodwinked that easy, Good Luck!

And of course, what they'll do, and they have been threatening this from a long time since Father. They will change the Successor. I know. They're afraid. I heard it. I'm not surprised. They got to have a little Ceremony Crowning someone else. But, you understand, the Messiah Crowned me three times. You understand that. Okay! The Messiah, with True Mother you see, Crowned me three times. She was involved in that. You see, what the Messiah gives you as an Anointing doesn't

leave you. Even if they try to make a new Ceremony, it won't mean anything; because, what Father gives it, especially at that level, it stays forever, and no human being will change it. So, go ahead. Try it. Be my guest; because, everybody has to face up to what True Father tried to do. It's so obvious. It's ridiculous.

Pitifully, shamefully obvious. What can we do. Number one, we can recognize that True Mother is a hostage. She is in a hostage scenario. Yes, she is. You don't want to accept it. Alright! That's what it is. You don't want to save your Mother, that's up to you. But, as for me and my house, we want to save our Mommy. We don't want her to be look at as an asset, so you can steal money from her. We want our Mommy, that we can play around with, and joke with, and tickle, and play around with our children and grandchildren.

We can come to grips with the fact that she's a hostage. She is. Yes, she is. Deny all you want. Yes, she is. She would never desecrate Father. She would never desecrate what he's done. She did it with him. She gave the announcements and Ceremonies and Proclamations with him. Why should she desecrate her own self? Ridiculous.

We repent. We can come before Father and repent. I know he's got a greater plan, I know. I know he's in control, I know; but, I also know, I'm not perfect. I believe, we have to repent. We can sing the "Blessing of Glory." We can sing the "Blessing of Glory" as the National Anthem of Cheon Il Guk. That's what we can do, folks. You want to start breaking down the demonic spirit, start sing the "Blessing of Glory." Start singing it. Sing the National Anthem that was worked out of Hungnam. Sing it. That is the Spirit of Cheon Il Guk. It is a shame. It is a sin that after Father past, there is only one place that was singing the National Anthem. When we came to Pennsylvania, we were the only one's singing the National Anthem.

It's a travesty. What kind of Cheon Il Guk, Kingdom of God is that? That's why it has no Anointing. That's why it has no power. That's why there are no miracles. That's why there is no Holy Spirit. That's why they have no power to destroy, because it is all things through Christ who strengthens me. They don't have it, because Messiah has been desecrated.

In the Book of Revelation, they prophecy about the desecration of desolation. This is what it is. You know what you can do? You can recite the original Family Pledge with the connection into the Completed Testament Age that connects us to the New Testament, that connects us to the Old Testament, and connects us to the Providence all the way back to Adam and Eve. No longer do you have to see Christians and Jews as enemies. They are our brothers and sisters in the same walk with God. Father gave it as our Eighth Pledge. Sanctity. What's so hard about it.

Read the original Cheon Seong Gyeong. Duh! Read it. Read the original Cheon Seong Gyeong, and upload it so everybody can read it. It's not being printed anymore, so put it up. If somebody owns a computer out there, put it up. Day by day, let everybody have it. Don't let it be erased. That's the Word that Father left for us. Don't let it be erased. Put it up. Read it. Do Hoon Dok Hae on it.

And, if you are part of the whole structure, I feel sorry for you. I do. Because, I know what you're going through. I do. I know what you are going through. If you are one of the people that are way down the chain, and I guess following around for your little pension, for your little salary, what are you going to do when the Day of Judgment comes? What are you going to do, when Judgment

comes? You're going to have an answer with your little pension, and your little salary? What are you going to do? Will it help you in front of your King?

If you're in, and your receiving money, you are in command. I stepped in it. I did it. I don't take anything. I don't take anything from them. Do it! Step down, and begin your ministry, and save members and bring them to Father. Step down and make a real Covenant. Stop fearing the hierarchy which has been taken over.

You're not defending Father, when you are defending the hierarchy. Your defending the hidden doers is what you are defending. You're a joke, if you think you are defending Mother. You are clueless to the reality of the situation, and that is a shame on you. Shame on you; because, you are being told the truth. I told members, "You can't handle the truth!" You can't handle it. That's what was told Tom Cruise in that freaky' movie. That's ridiculous.

Don't receive your archangelic blessing. Don't receive it. It is not the Blessing Covenant of Father. Don't be fooled. And, if you received it, you didn't know, you're ignorant; so, receive the real Blessing. Don't receive the Blessing thinking it's the real Blessing, because it's not. It's written by the hands of the archangels. Do not receive that Blessing. You are not a Blessed Central Family, if you receive that Blessing. I'm sorry to say, you are only a Blessed Central Family. When you get Blessed under the Covenant that the Messiah wrote by his own hand, and was given by True Parents at every Blessing, that's the news.

And pray. My God, pray directly through True Father. Don't pray to Mr. Kim, Kwak, Choi, whatever. Pray through Father. Pray to True Father. He's your King in Heaven. He is your Father. Pray to him. Pray to him. Stop playing political correctness with your eternal life, and pray to your Father.

And, ask him to lead us to free the Queen, because that needs to happen, and I believe it will; because, he who is within me, is greater than he who is in the world. We can do all things through Christ. We got no fear, because we stand on the side of truth, in the breastplate of righteousness. In the shield of faith, and the Spirit of the sword of Word of God. Be shroud in the Gospel of Peace, because we are coming after you. You are going down, Pharaoh.

Anything to add, Umma? Let's let her come up. I got to take a break. (Yeonah Nim give Hyung Jin Nim a hug)

Yeonah Nim speaks:

I was closing my eyes, and I was praying. Then, all of a sudden, my name was called. You know, to me, when we started the ministry in PA, one of the most frequently asked questions was, you know, you talk about True Father a lot. You glorify True Father, but what about True Mother? What do you think about True Mother? It was one of the questions I was frequently asked. This is how I think. I truly love True Mother, and I truly respect what she has done for humanity, to indemnify all the woman's sins and corruption. A woman, who actually served the True Parents for fifty years, told me once about True Mother's life. When the first daughter of True Parents was born, she was there; so, she pretty much lived her whole life around True Parents up to know. She said True Mother's life is like a woman who can possibly deal with all the pain and all the

humiliation a woman can possibly endure. She took that, herself, as a condition, and she liberated True Father and was victorious. So, she knows True Mother, and we believe that.

In Korea, it's a very common thing that the daughter-in-law and the mother-in-law have a very strenuous relationship. Actually, one of the five big reasons for Korean couples to divorce is they did not accomplish this relationship between mother-in-law and daughter-in-law. You can ask others about that.

Mother is a woman and I could always agree. She was always nice. Think about that. I have five children, and my husband is the eleventh child. So, you can think about that. He's the eleventh child. So, they got together and lived together. So. I'm very inspired. I mean he's 'Lovey.' His nickname is 'Lovey.'

"Oh, you're Lovey's wife. Oh, it's okay." I never thought it was a big deal. So, I was always loved. So, how can I complain? When I took True Parents' Life Course, I actually wrote about it. My final paper was about True Mother, instead of Father. My paper was about True Mother at UTS; and, in my heart as a woman, I have always been close to True Mother more than Father, and that's the reality. Yes, I love her; and, I do respect her.

And, even my husband, it's so funny to see his relationship with True Mother, you know. Where, day and night he goes into his room, and bows before True Parents. One time, he said, "Oh Mommy, and, he kept going into the room. Mother said, "Don't come in. I'm changing my clothes;" and, he kept going into the room anyway, saying, "Oh Mommy, you look still slender;" and, I heard a big slap on his back. "I can't believe you doing this. Naughty boy." And even she's in the bathroom, he just walks into the bathroom. "Oh, Mommy your so..." Mother said, "stop that. You're intruding on private time." Think about it. That's how he is. He's the eleventh child and her son; so, he had so much playfulness.

You heard what my husband had to say, today. Are we starved for attention? Do we make a big deal about it? Are we craving for attention? Do we want to jeopardize the Church? Think about it. That's a very good question; because, I even have to ask myself, "You know, when you're dealing with this since True Father past away, it was such a dark time we went through."

And, he was so clear. I mean, Kook Jin Nim was very clear. You know, I cannot go along with this. I cannot go this way. You know, Father, what has come? People think this a glorious, but what did True Father's crown of glory? It is a path that is marked. It is a path that no one can really understand, when you have to really stand with the truth. So, when Father came and Crowned him, he was wondering what was happening. People will test you, but will you keep my promise. That's what it about. And he said, "I cannot break their promise with Father." That's why I'm standing here this day. I have to be honest with you. I'm shaking.

You know, one of my biggest fear is, not by people. I think many people saw me. My desperate prayer is this. Father, if you really think what he is doing is wrong, why do people criticize him? I'm sure many women think that, too. Then, under such a situation, my desperate prayer was this. "If what you really think he's doing is wrong, come in his dream. Tell him what he's doing wrong." That was my dream. "You show me. You persuade him." That was my prayer.

So, I prayed. I did fasting. I did bowing condition, and I'm telling the truth. This really happened. One day, in the middle of the night, he woke me up. I was doing this condition. He said, "True Mother came in my dream." So, I said, "What is it?" I was expecting something bad. I never told him my condition. I never told him True Father to come in your dream, and you know, say what's wrong? I didn't tell him I was praying about that. In the dream, there was a line of cars. One of the cars was Father's car. There was Father, then Hyung Jin Nim, and someone was driving. And then, there was a road with a dividing line; and, he explained to me, "One road is left and one road is right." Then, True Father whispered in his ear and said, "Okay! Let's tell him let's go right; and, Hyung Jin Nim tells the driver, "Let's go right." Then, all the cars behind Father's car, they go to the right. Then, there's another intersection. Then Father said, "Let's go left." And, all the cars got to the intersection and went to the left. After the dream, I broke down and thought, maybe that wasn't the answer I wanted, but you know, I got it. I got the dream.

After you hear this lectures, you will have tremendous challenge. We will have nothing to say. After, if we are stay this way, will we still be popular? Everybody was saying, "Oh, you are such a filial daughter. If you have faith, you will have everything that was promised." Why do you think those disciples in Jesus time risked their life? Even like Christ, they were willing to be hung on the cross. Why do you think you will have to go that path? Because, they cannot forsake the promise that they made to Jesus Christ. And, you know what? We cannot forsake the promise we made with Father.

How can you forsake him? He saved each one you. Yes, we do love you, Mother. Yes, we love Mother. Nobody can love True Mother more than her own son. Hyung Jin (Nim) loves her more than anyone of you, quite honestly, than anyone sitting here. Please trust me on that. Whatever pain we may have, Father can rise in that hope, that, what we are going through is nothing compared to what Father has gone through. And, you know what? It our time to push through with joy, and Father's blessing upon you. Aju!

Hyung Jin Nim continues:

Praise God! Praise God! Let's look at Cheon Seong Gyeong. Let's read it together:

GSG Page 155

Before the children come forward and resolve this, God can neither alleviate the bitter sorrow in His own heart nor remove the nail that pierces it. Who will take out that nail and liberate God's bitter heart, which must be released with flesh and blood through the healing tears of love? We should know that God's liberation precedes our own liberation. We should know that this is the path to the ultimate liberation sought by people of faith. (187-273, 1999.2.11)

Let my Mother go! Let my Mommy go! Let her go. I break the curse that's upon her. I break every curse that's upon her. I break every single powers you have over her, in the Name of True Father. It is broken! You have no power over her. You have no authority over her. She'll be free.

Father, oh Father! Father, we come before you today. We have no place to go. Father, you are our Deliverer. You are our Savior. We cannot do it with our own flesh and blood. I failed you. I'm

sorry, Father. I repent before you. Please forgive me. I try my best. I tried my best; but, I am just a man. I am just flesh and blood. I cannot do this with my own power. Even if the whole world would be raised up now, we still can't do it, Father. You have defeated all. You have to be the center of it all. We come before you on bended knee, before our King.

We ask you to lead us, your people into the Promised Land, where our Queen will be freed. Will she'll be freed to worship you, to exalt you, to think about you every day and night, and for every minute, to live with you forever. Father, we rejoice in the thought of that day. We rejoice in the thought of that day.

Lord, we cannot do anything with our power, in your Anthem, you said, "how unworthy am I." Even I am unworthy. I don't deserve to receive your trust; but Father, we know, we know that you are more powerful. You have all authority of Heaven and Earth. Satan's strongholds cannot keep Mother in bondage any longer. The chains are breaking. The bondage is starting to crack. The walls are starting to come down. Freedom is in the air.

Father, we pray we know that you are the Deliverer and Giver of Peace. Redemption, Salvation. Lord, give us the day. We only thought of you. You are the light way to our path. We follow you. We raise you, lift you, exalt you. We will create the Army of God, your spiritual warriors, who will stand by you no matter what. We will go to the depth for you. We will be crucified upside down for you. We stand for you and the people of God. Will grow a spine, and we will exalt our King. I prophecy this. I declare it over Satan, the enemy.

Lord, Lord, give us your guidance. Fill us with your Holy Spirit. Fill us with the power. You said, "Not by might, not by power, but by your Spirit can we overcome, and conquer this. We will celebrate this at the feet of Abraham, Isaac and Jacob. We will celebrate you. We will sing and dance and rejoice with You. Father, we love you. We trust you. We want to know the way for the reason for what you are doing. We repent for our weaknesses and our sin. We knell down and give it all to you. We give it all to you now. We release this right now. We receive your guidance. We stand in agreement with you. We stand in agreement with your promise. We stand in agreement that you will have a hope and a future and a destiny and we will be rejoicing in the Kingdom that will come. Thank you, Lord. Thank you, Lord. We pray all these things in our names and in Your Precious Name, we pray, Amen-Aju! Let's give God some praise.
