Declaration of Heaven

Declaration of Heaven

Feb. 8, 2015

Alright; today we want to talk about "Declaration of Heaven" and I want to go to Matthew and the 7th chapter.

Let's read together from the twenty first verse:

21 Not everyone that saith unto me Lord Lord shall enter into the kingdom of heaven, but he that doeth the will of my father which is in heaven, 22 many will say to me in that day Lord Lord have we not prophesied in thy name and in thy name have cast out devils and in thy name done many wonderful works, 23 and then will I profess unto them I never knew you depart from me ye that work iniquity.

24 Therefore whosoever hear it these sayings of mine and do it them I will liken him unto a wise man which built his house upon a rock, 25 and the rain descended and the floods came and the winds blew and beat upon that house and it fell not: for it was founded upon a rock, 26 and everyone that heareth these sayings of mine and doeth them not shall be likened unto a foolish man which built his house upon the sand, 27 and the rain descended and the floods came and the winds blew and beat upon that house and it fell and great was the fall of it.

You know I have a video that I want to show you all today but before getting into that, I'm just so grateful for all of you because, you know on Wednesday, I called you all the knights of Cheon IL Guk, the holy knights, the protectorate of the King of Kings. Now I realize why kings have knights, because sometimes when evil takes over the knights have to come in, Amen!

So I'm very grateful; I'm grateful to be surrounded by knights; that's what I'm very grateful for.

You know one of the things that I shared with you all this week, and I shared with everybody joining us from around the world, was the reality of my own testimony. I shared this with you all on Wednesday, and it's something in me that I realized is a weakness of mine.

You know, I am the youngest son of a huge family; I'm the youngest baby boy. And being in that position it's not part of my personality to stand and battle in the front- you know what I mean? And it's not a part of my personality to declare things in front of people.

I was always the youngest. You don't just go up and declare things in front of your brothers; they'll whoop you. So I think the youngest child sort of develops a personality which is more... so you know my personality is that I want to have laughter, I want joy, I want to bring peace, I want to celebrate with my siblings. I like spending time with my siblings. It's just part of my personality.

But there comes a time and age that I feel in my life that God has thrust me into, because when I look at my own self, and I reflect, I realize I've always been shy and nervous to come into total agreement with what has been anointed on me.

I remember when Father crowned me three times on two continents; I was so uncomfortable with that that as soon as we got the chance to sit down I took the crowns off quickly, because I was so emotionally uncomfortable with them.

And also internally I think I felt I don't want my brothers and sisters in my family to believe I'm boasting, "Yeh! Look Father crowned *me*!" So I remember just as soon as I had a chance, when I was in the back of the stage, I just quietly took it off, in every single one of the ceremonies. And that's kind of like my personality you know my sisters call me '*lovey*' and that kind of thing.

But I was just struggling so hard, because I know there is a time when you have to stand against Satan. There's a time in all of our lives when we have to stand in front of a Goliath, something that in the natural we can never defeat, something in the natural that we don't even believe we can face, or we think that if we do face it, we will definitely lose.

And throughout this week I've just been so heavy! I told you guys on Wednesday, I can't even sleep; constantly I'm meditating and praying on these things and it's not a simple thing for me. This week Father came so strongly; he said, "you cannot be ashamed!" He said to me, "*you* did it appoint yourself; I appointed you." There are other people that tried to appoint themselves to that position.

But Father came so strongly; he said, "you did not appoint yourself; so when you claim it and you declare it, that you are the crown successor, you're not being arrogant, because you didn't appoint yourself there. When you declare it you're agreeing with what *I* declared over *you*."

It is my own personal weakness and my own personality weakness to want to be the *lovey*. I don't want to be mean to people, folks, you know that; I'm a nice guy. I don't like to be mean to people

But there comes a time with this type of responsibility when I have to face evil and I have to call it out and I have to challenge it and I have to declare openly. Because it's not me that's doing the anointing; it was not me that crowned myself! That means nothing. That's an anointing that Father gave unto me, and I realized that I have to come into agreement with that.

I've been preaching on that and I realized that more than anybody else, I have to come into powerful agreement with that, and I cannot be shy of being the crown successor because he's the one who crowned me. Not me! I did not crown myself!

That's why on Wednesday I said I appreciate all you guys' prayers, and I just had to apologize. I'm sorry! This is my personal weakness that I have to overcome. It's a spiritual battle within me that I have to win, I have to battle, so that the promise not only over my life but all the lives that it influences, God can use. So I'm very grateful for all those around the world who are praying for us and supporting us in this time.

I want to show you this video because this is the video where Father wrote the Declaration that he announced on June 5 2010, the Declaration about the inheritor, his representative, who that will be. That will be Moon Hyung Jin, and then he wrote *"anybody else, anyone who claims to be the inheritor is a heretic and a destroyer."*

You remember this Declaration, right? I'll be honest with you. You'll see me in the video- I had hair then, I had long luscious hair then, but I don't want it to grow back-, but even in that video, I was thinking, "Father is using very strong language," and you'll see a point in the video where I'm saying, "Oh my God! Father, that's kind of a strong language!" and Mother is saying, "Oh my God! That's kind of a strong language; maybe we should hold it back and just keep it for the record!" And you see Father's response.

But I *will* use the words today, 'heretics and destroyers'; I will, because those are not my words. Those are the words of the Messiah and the King of Kings, about those who oppose him. So when I use those words I am not some person trying to use inflammatory language. I'm using the language the Messiah wrote himself.

I want to jump to the video now. Let me read the subtitles slowly:

True foundation True Parents to thousands of generations everything on heaven and earth. It's all in here. The citizens for thousands of generations are one lineage, and are the children of one heavenly kingdom. Father is writing that in Korean. Universal Peace Federation, Federation, we don't need the Federation. Unification Peace and Unification Headquarters is the absolute and unique Headquarters. Its representative and inheritor is Hyung Jin Moon. Anybody else would be a heretic and a destroyer.

In white letters it's Mother speaking: *"It's the person who is a destroyer."*

Father: *"With this Chinese character, it means the person who destroys. The above content is True Parents' proclamation, signed, Sun Myung Moon."*

Mother says: *"You need to put down the date. It should say this is announced in 2010. Better to put the date horizontally."* Father's writing the date down.

Father is asking: *"what month is it?"*

Mother: *"By the heavenly calendar 4th month, 23rd day."*

Father says, *"It doesn't have to be bigger."*

"Is it OK to put this whole thing out?" Mother asks.

And I say, *"Because this sort of has a strong wording."*

And Mother says, *"This is kind of strong"*

Father said, *"What?"*

Mother says, *"Does this go up on the Internet? Will you also not write that we should only obey the President of the World Mission HQs? Isn't it what you wanted? Do you not want to write that all mission countries, all Unification people should only acknowledge the direction of the official memos from the World Mission HQs? Even if we put that on the Internet, there is no problem. "*

Mother speaks: *"If the members know this, then they won't follow Hyun Jin. This one we can keep!"*

Father: *"What do you mean 'keep'? You just follow everything."*

Mother: *"It contains everything. Yes I know everything is in there but "*

Father: *"Here, here, here, there's nothing more to say. There is only one King of Kings, who is God, only one True Parents throughout tens of thousands of generations. All families are the people who share a single lineage, and are the children of one heavenly kingdom. They have the same blood lineage. The Universal Peace and Unification Federation HQs is the absolute and unique HQs. There cannot be two HQs. Universal Peace and Unification, there is no Federation. Just say Unification. Unification HQs is also the absolute and unique HQs. Its representative and inheritor is Hyung Jin Moon. Anybody else is a heretic and a destroyer. This is the proclamation of the True Parents."*

Signed, Sun Myung Moon, April 23, 2010

And for all those post-modern, basically humanist philosophers, who want to pretend that between True Parents there's no order and hierarchy, you're totally diluted, because Father is the Alpha subject in True Parents. Mother has obeyed him; that was her mission to have complete obedience to the Messiah. Don't be delusional or listen to false teachers who try to bend True Parents to fit a particular current social norm.

He's not like that, you understand! He's very clear: in True Parents, there is a King in True Parents, and everybody in the whole family comes under obedience the King. *He* decides what will happen and Mother obeys and the children obey, even though we like it or not.

Of course that doesn't mean husbands, we have the authority to do that on to our wives or things like this, but when we look at True Parents, there's equality in love and values, not in authority. And if you think there is you're deluding yourself: you don't know True Parents. I'm not only their child; I lived with him two years every day. Don't delude yourself; there is a clear subject in True Parents. Anybody who tells you otherwise is a liar; they're lying to your face. There's a clear order in True Parents!

And if you don't even know how to speak Korean shut your mouth, because when you look at the video you can see Father speaks to Mother in no honorifics; Mother has to speak to him in high honorifics. You don't understand Korean, don't speak! He's not a post modern humanist. He comes as the King of Kings, okay!

That doesn't justify husbands bossing their wives around. That's a totally different subject; I'm not going to get into it today okay? Husband love your wife; wife, respect your husband! Okay? That's it; that's what the Scripture says, OK?

This is the Declaration that he wrote!

My personal opinion was, "My God, Father this is very strong language; maybe we should just keep it," and Mother was saying that too. But Father said, No!"

Right after this video he went out to the HDH room in the palace, and then he made this Declaration public. I believe Peter Kim had to read this, and then he made this Declaration on June 5, 2010, by the heavenly calendar 4/23. And then this went out to the world.

Who knew? We thought it was all dealing with the Kwak group or that current situation. Who knew? That after Father's passing it would be directly dealing with the hierarchy, the illegitimate hierarchy of the church? Who knew that we would come back to that?

You see you may think, by keeping your legal positions and your little pensions and your petty, petty, \$500,000 salaries- which are drying up by the way I know they are- you may think you have control because you've held on to some legal positions. Do you not understand that the Kingdom is first spiritual before physical? Do you not understand that as a religious leader your authority doesn't come from your ridiculous legal positions?

It comes from your spiritual authority; that's where it comes from! Do you think you can hold on to your little pensions and your little \$100,000 salaries, that you're stealing basically from the church, while pretending you're an impoverished poor minister? I know how much you all receive. I'm the one who had to sign up and give it to you.

If you think that's where the Kingdom lies, you're fools, foolish men, foolish men who are building your kingdom on sand. Foolish!

This was a translation of the Declaration:

There is only one King of Kings, who is God, only one True Parents, throughout tens of thousands of generations. All families are the people who share a single lineage, and are the children of one heavenly kingdom. They have the same blood lineage. The Universal Peace and Unification Federation HQs is the absolute and unique HQs. The representative and inheritor is Hyung Jin Moon. Anybody else is a heretic and a destroyer. The content above is the proclamation of the True Parents.
Signed, Sun Myung Moon,

I have a declaration to do today because it's time.

You had time; you had many, many, many, chances to do what was right, to be a real man, to do what was right, to have integrity, to step down if the direction was to betray your Lord. You had many opportunities to do that.

But you chose political correctness; you chose to watch the *nunchi* and to watch what your other leader friends are doing. You chose to look at your peer pressure- *nunchi* is Korean for 'peer pressure and looking at what other people are doing- to make your decision. You had plenty of opportunities to step away.

I did it, I did! You know I did. Because I know the real anointing does not come with your tiny petty legal positions, do you understand? And you cannot continue to steal and embezzle money in because guess what? I know the situation: it's drying up because what you have done is evil.

So I have to do what I have to do!

This is the Declaration of the Order of Removal:

As the inheritor appointed by the Messiah and King of Kings of Cheon IL Guk, I, Moon Hyung Jin, hereby declare that:

Due to the participation both direct and indirect of the treasonous and heretical conspiracy to redact, edit, and erase the numerous declarations, scriptures and traditions of the King of Kings, Messiah and center of True Parents, the following is an order of removal from all public positions in the Kingdom of CIG.

Kim Hyo Yul, is removed from all public positions and has no authority in CIG.

Kim Hyo Nam is removed from all public positions and has no authority in CIG.

Kim Seok Byeong is removed from all public positions and has no authority in CIG.

Ahn Ho Yeol is removed from all public positions and has no authority in CIG.

Kim Man Ho is removed from all public positions and has no authority in CIG.

Yang Chang Shik is removed from all public positions and has no authority in CIG.

Seuk Joon Ho is removed from all public positions and has no authority in CIG.

Kim Young Whi is removed from all public positions and has no authority in CIG.

Lee Jae Seok is removed from all of the positions and has no authority in CIG.

You know you were in that room in the hospital; most of you on that list were in that room in the hospital, and you had the chance to stand up for your King. You had the chance to say, "No!" You cowardly said nothing! Only Kook Jin Hyung, myself and -I give credit- Bo Hi Park, were the only ones we stood upon for Father on the final hour.

All of you watched your positions and your politicking, and you said nothing when that tribulation came, when that test came. It doesn't matter you followed Father for the last 50 years; it doesn't matter you did all that that you think you did. On the final hour, you know what I'm talking about, and the Holy Spirit is convicting you right now as you see this.

You know who you are. You stayed silent, cowardly; you did not stand for your King!

Ryu Kyeong Seuk is removed from all public positions and has no authority in the Kingdom of CIG; the Korean church is liberated from this heresy.

Song Yong Cheon is removed from all public positions and has no authority in the Kingdom of CIG.

Eiji Tokuno is removed from all public positions and has no authority in the Kingdom of CIG. The Japanese church is liberated from this heresy and should not donate a cent to this heretical movement that is desecrating your King. If you do so, it's your curse that is on you, from the ancestors!

Him Ki Hoon is removed from all public positions and has no authority in the Kingdom of CIG.
 Michael Balcom is removed from all public positions and has no authority in the Kingdom of CIG.
 Michael Jenkins is removed from all public positions and has no authority in the Kingdom of CIG. The U.S. church is liberated from this heresy.

All continental directors are removed from all public positions and have no authority over your continent in the Kingdom of CIG.

All national leaders are removed from all public positions and have no authority in the Kingdom of CIG, or over the members, citizens of your nations.

By the authority invested in me as a successor and inheritor of the Messiah and absolute subject partner of the True Parents of Heaven and Earth, in order to liberate the True Mother from a leadership that has exploited her to desecrate, destroy and cause heresy against the King of Kings, the citizens of CIG are ordered to demand the legal resignations of all current leaders and board members of HSA- UWC, FFWPU, World Mission Department and all other related providential and business organizations.

The citizens of CIG are ordered to legally take control of the boards, and liquidate all assets to pay back the Japanese members who have suffered for forty years, subsidizing the world church and paying for your church and your church assets.

When you get control of those boards, don't go in there and steal for yourself, lest God's curse be upon you. Do what is right; get rid of those assets so no more parasites can try to cling onto them and steal them, and give it back to the Japanese members who have suffered forty years for you! Do it!

All heretical declarations including new scriptures, traditions, or any declarations not approved by the Crown Inheritor are null and void.

Members are to elect their representatives at the local and national level and to make them swear allegiance to the authority of the King of Kings, his traditions, his Scriptures and his named Crown Successor Moon Hyung Jin.

And the elected representatives are ordered to come to the Cosmic Peace and Unity Headquarters Sanctuary and report to me directly. Don't go to Korean leaders; come directly to me!

And you don't have to elect Korean people. If you live in Africa, you elect an African; send him to me. You are in Russia, you elect a Russian; send him to me.

The new leaders will swear to adopt the system of transparent donation and asset management currently used at the World Peace and Unification Sanctuary, and will report to members exactly what the donations are used for on a bi-annual basis to the membership both local and national. They will publicly report the monetary salaries and incomes of all ministers, leaders, full-time and part-time paid staff.

They will publicly report the monetary expenditures, assets, and income. They'll report these things to members on a bi-annual basis.

And this is just the beginning!

I don't want to talk to the members who don't know the situation.

I want to talk to you, Korean leaders, you main leaders. I want to talk to you right now!

What you have done causes me so much anger and pain. It's not about me; it's about your eternal life.

Do you understand that? Your eternal life!

You said you joined this church because you found the Lord. You said you walked fifty years with him because you found the Messiah. You received all the benefits and blessings, being around the Messiah. You received the honor of the church, and people respecting you for just who you were.

You have committed a grave sin upon your King. What does it profit you? You may have walked with him fifty years. What does it profit you on the last day when you are tested and tempted, and you can't even step up and stand up for your King? What kind of man is that?

I fear for your soul; you know why? Because God doesn't have to judge you! Your ancestors are coming! Do you not fear the ancestors who envied you because you got to walk on this earth with the Lord? To see you do that: desecrate, and dishonor your family name!

They saw what you did; they saw your silence, too scared to say anything at the final hour. Yes you'd come to me over the last two and a half years begging and crying. I know who you are and you know who you are; coming to me telling you got cancer.

What did I tell you? What did I tell you? I told you that's the beginning of your problems! Don't come crying to me; don't come crying to me telling me your children are dying.

I told you what I said! You know what I said to you. You cannot speak about the spirit world and do what you have done, my friends!

God pushed on my heart today, this week, so strong. He pushed on my heart so strong!

Yes, you committed tremendous sin against the whole nation and your King, and all history and your ancestors; yes you have.

But you know what Father told me to say? He says he still loves you; yes he still loves you! God's grace can wash away the worse sin. That's what he's teaching us through this whole thing that we're going through: his love can wash away the worse sin and you committed it.

But he cannot forgive what you do not repent about! That is the only sin that he cannot forgive, this un-repentance.

I know while you're watching this video you're being convicted by the Holy Spirit. I know you're crying right now as you watch this, and you know why you are crying. You know why you are ashamed; you know exactly why.

You may be thinking about all the other people, "what are they going to think?", or your stupid leader friends, 'what are they going to think?', or "what am I going to do if I lose my little pay check and my little stupid salary?" You may be thinking about all that idiocy! Don't be a fool, don't be a fool!

If you're watching this now and you're being convicted with the Holy Spirit, receive it! Get down on your knees now and repent; leave those positions behind! That will be a sign of your repentance.

You cannot repent to God and continue to be paid by a hierarchy that is desecrating him, foolish man! I don't care about your wife says; I don't care what your kids tell you. You are a man you should be able to make your own decisions!

You know who you are! Some of your hearts are so hardened that you'll see this and you'll laugh- I know it- because you have hardened hearts, and you have no faith inside. You can laugh while you desecrate him; you won't be laughing when you meet him in hell. I tell you that!

You remember his power? You remember those HDH meetings when he unleashes his power? Yeah? You remember that, don't you! You try to forget; you're trying to justify what you're doing.

For the first time in your life since you joined the movement and followed the Messiah I want you to be a man! Man up to your sin! Confess it! Step down from those fraudulent illegitimate positions that you're holding onto for money! Repent of your sins!

Only Christ can deliver you!

The current suffering that you're carrying now and the couple of you who came and told me you've got cancer now, what are you going to do? You heard what Father said: you disobey him; you're taken to spirit world. You disobey him, you disgrace him, and your generation is cursed. What did your kids do? "It's not their fault!" What did they do?

You're going to let them be cursed and spit on by the next generations, as being part of the tribes of the desecrators like Judah! Is that the greatness of your honor? Why don't you be a hero and do what you know is right? Why don't you do it?

Stop being a coward hiding behind your stupid justifications and do what's right! Why don't you be called 'believer' called again? Come here, leave your positions! Come here! I'll pray, I'll weep; I will repent with you, I'll do conditions with you.

But give it away! Those who seek to lose their life will save it; those who seek to save their lives, will lose it!

How many times did Father tell you that, you Korean leaders that had the privilege of being in this presence and his closeness more than anybody else; you are the ones that are most convicted. You received his greatest love! What will you do when members will eventually come and throw you out?

Your embezzlement, all that stuff is going to come out. You think they'll hide that stuff? It's going to come out sooner or later. Didn't you hear that Cheong Pyeong is being audited by the Korean government and the District Attorney Criminal Investigations? Do you not understand that this is also coming to you? Why do you fear only the world members, you spiritual leaders who are supposed to be teaching about spirit world and the Principle? Do you not feel you are wrong?

Step up, repent of your sins! Come to Father! Come to Christ with your sins; he will deliver you and make you a new creature, give you a new heart; from that hardened heart he will make a new heart. He will fill you with his Holy Spirit. He will use your testimony to inspire the world if you do the right thing.

Peter denied Jesus at the final hour even though he walked with him, but he did something that you are not doing; he repented when Jesus came back! He repented! And he dropped everything; he dropped his little pension and his petty salary, and he went into the world and preached the Gospel and his legacy is glorified.

What will you do when this goes around, when you are now exposed for who you really are? What are you going to do? Will you be like Judas and hide it? What happened to Judas? He was overcome by devils and hung himself, right? Or will you be like Peter who repented? He's not perfect; none of us are perfect, but he repented, and he asked God, and he gave his life to God again.

Stop looking at the *nunchi* of the people around you! Give your life to God, give your life to the Messiah again; follow him again!

You know that when all these things were going on, you were uncomfortable about it; you know your conscience was tearing you up inside, but you went along with it. You know you did it; you know you felt those feelings! You know you did it! And I know you did it, because you lived with Father who said you must not even touch one word. You've already touched hundreds of thousands of words!

What are you going to do now that the kingdom you are trying to run is collapsing? Are you going to try to sell out the assets so that you can prolong the collapse? Everybody knows that's what you are going to try to do.

Why don't you give those assets; get rid of them to help the Japanese members who have paid for you, who are now hundreds of millions of dollars in debt because of you? Why don't you admit what you

have done, and bring it to God? Why don't you step away from that pitiful power that you're clinging on to, which means nothing in the Kingdom of God? By the way it's not something that will get you anything in Heaven!

Why don't you come back to Christ?

He can wash you clean; your blood-stained hand he can wash white as snow, but you have to let him in. You can't keep justifying this desecration! You can't keep generalizing in your own mind what you have done. You've got to step up and ask him to come in and be your King. It's on you! Nobody else can stop God from coming into you but you.

I'll pray for you, and I will pray with you when you come here, but don't come with your positions; you know what I told you last time. Drop your positions and come; then I'll pray with you! God still loves you even though what you've done demands tremendous punishment and cursed if you hold onto those positions for your little pitiful salaries. This is the third year after Father's seonghwa, the anger of the ancestors will increase upon you; the curses that you saw in the Scripture will only be heaped upon you faster and faster. Don't test the Almighty God!

Why don't you do the right thing for once in your life? The whole world church is watching? Why don't you do the right thing? Stop being coward, step down and repent to your King!

I think we all have to take this time to repent before God for this heresy and this desecration of the King of Kings, his scripture, his traditions, but at the same time I believe we have to rejoice, because He is bringing us at this time – He knew this would happen- He is bringing us back at this time, so we can save the Queen and we can all come to repentance and find Him again.

Why don't you join then, you leader, you know who you are. Why don't you join now? Get down from your little position; come and worship your King and surrender to him.

All of us here we pray for you; every time you're in our prayers, because we don't want to see you go to destruction unlike what you may have justified in mind. We don't want to see that. We are good people; do you understand that? We don't want to see that.

And we also know that they're not God. Don't test Him too much because if you have over-passed his testing, you will receive his judgment. And He does not even have to judge you; as I said, your own tribe of ancestors will do it.

Why don't you step up and save your own family, and save your own tribe and with them come to the Kingdom of Heaven.

We are not here to conform Messiah to us; we are here to conform ourselves to Messiah, and this body of the world church is fooling themselves, getting rid of any spirituality by trying to shape Messiah to

our sociological preferences. You're joking! We have to accept him for who he is, and love him for who he is, love him!

Omma, you want to say something?

Yeon Ah Nim:

Let's give a round of applause to my husband!

It is true he has not been able to sleep since last Sunday, and today actually I wasn't going to speak and then this morning my husband said, "Can you share a little bit about how we actually dealt with our Japanese brothers and sisters, and why I came to talk about the liberation of the Japanese movement."

Several years after I joined the True Family, Hyung Jin Nim had some kind of workshop in UTS, our Unification Theology School. There was that big crowd and then at the end of the speech a couple people raised their hand and asked if there was a time to ask questions.

So one Japanese sister actually raised her hand and she asked Hyung Jin Nim, "We are leaving in the world, we have Internet – at that time Internet was very new- we have Internet, we have a rocket ships, spaceships and we are living in the modern world now. How come the way we operate our church is so, so, old-fashioned and until when Japanese members have to sacrifice for this providence?"

For me that was the first time I heard something like that, "Oh! What is this?" I was fairly young and I didn't know. I was just a regular second generation, and I did not know anything about this. And as we learned more and more about it, we discovered that there was a very, very, vicious cycle existing in our church.

And each one of you here, people who are watching this, knows, and we don't want to talk about it and we pretend that it does not exist, and we just lump them up as 'Japanese members', "If they want to do it, let them do it. It's their problem, they chose to do it. Nobody has been twisting their arms to do it!"

And we kept silent on this issue!

And when my husband graduated from theology school and he was thinking whether he should go on to get a PhD or he should do something else, and Kook Jin Nim at that time was the head of a Korean business group, and one day my husband went to Korea and met him, and he said, "You know what? Let's help our Japanese members. And the first thing we can do is we make the Korean church financially independent from Japan. Let's do it! Let's not just keep talking about it! Let's do it!"

And that was really the right moment for us, because we went to Japan many, many, times, we visited forty churches and we realized that we could give them uplifting messages, we could take pictures hours and hours with them, you could do whatever, you know, and we did.

But that's not love! If we really think that they are our brothers and sisters, just giving them uplifting messages, and going in there and thinking that everything is wonderful, that's not love.

So we began our ministry with True Parents' blessing, and we were grateful. And I still remember how happy Father was when he heard that under Kook Jin Nim's leadership in Japan, we were paying off the Japanese debt.

If you know anything about the Japanese church, there is a church debt and there is a personal debt; I am sure many of you are aware of it. And Kook Jin Nim made a long-term plan to pay off the church debt first; so by 2012 half of the church debt was actually paid.

And Father when he received the report was so, so, so, happy, and I was so proud to say the Korean congregation we work together to make the Korean church financially free from Japan's church and I'm very proud of those Korean brothers and sisters.

And now we are standing right here, and we know that the system went right back to where it used to be; when I heard about this, I could not stop crying. It was almost like the spirit of sacrifice of our Japanese members was pouring over me. I could not stop myself from crying!

Yes, we can justify, however, you know, "the mother nation is supposed to feed all the family!" What kind of a father nation, what kind of a children nation, what kind of a first son nation, what kind of a daughter nation is this who actually demands forty years plus sacrifice! What kind of a family is this? What kind of a body of Christ is this?

When the other body of Christ suffers, it's supposed to be my suffering! That is what our Father taught us! (Applause)

So at this point what we can do is: think about it, True Father declared our liberation and we have to bring this to our Japanese brothers and sisters too.

I remember every single family we visited in Japan. What we can do is we can pray for them. If you know any Japanese brothers' family in Japan, please make a list and pray for them and for their liberation too. Brothers and sisters, Father taught us better, and Father loves these brothers and sisters as his children too.

You know I think, I personally think, donations are important because it is through all these donations that the churches operate and I even tell my children that, "when you grow up, you have to build your own church, and you have to do tithing; those two, that's something you have to do." I teach them.

But when it comes to such a point of abuse and exploitation, that's not right, and we are the body of Christ all together! Donations are important, so you know what, our Japanese members during the time of indemnity, they did a heroic action; they were victorious. I don't want to diminish any of their effort and sacrifice. That was not in vain! That was a beautiful act; it was an act of faith, and I am grateful to every single one of our Japanese members.

And we always should put our hearts together and glorify them, and Father would be happy in Heaven that his sons and daughters are well taken care of by their brothers and sisters.

Hyung Jin Nim:

Japanese members you are free! You are liberated! You are free! Celebrate! Free!

Korean leaders, you are free too. You don't have to wait any longer; you are free now to come to Christ! Come back in, and use your story as an inspiration, so you can turn your life around. Turn it around; come back to Him. You will see his miracles in your life once again. When you start believing again, you will see his supernatural power again in your life.

I'm praying for you right now:

Father in Heaven who is right now watching us all, and all of those who are here, and all those who have been named, all of those in the spirit world who are watching, Father, I pray that you would pierce their hardened hearts, that you would enter in, that you would go through, cut sharp like a two-edged sword, cut through the bone, all the justifications and the lying mental ideas that we've constructed to block you.

I declare Father's coming in right now; he's coming in right now. He's starting to change your heart, giving you a new heart, to make you a new creation. All you have to do is surrender to him.

All you have to do is out your hands up, and say, "Lord! I let you in, Father I want you again, Father I depend on you. You are all that I have; you are all that I need! I don't need these little petty salaries that those leaders keep inflating for themselves; I don't need the stupid positions. I need you! My life without you is no life at all! My eternal life without you is no life at all!"

And I pray that He comes into your heart right now, that you will have a conversion of your spirit now, and you'll come out of the dominion of Satan, and you will come back into the dominion of your Father who loves you and who is calling you back to him at this hour.

It may be your last chance it may be your final hour! You may die tomorrow; you don't know. This may be your last chance! I pray you would take it; I pray you would do the right thing that you will come back, and you will lift up his Kingdom, and his traditions, and the gifts that he gave to this world, and that you will exalt him.

And you know Peter denied Christ three times, you've done it too. God can turn it around if you come back to him. You know what you have to do.

Father, I pray that you would touch them right now; there are leaders out there, who are convicted right now by the Holy Spirit. Your supernatural power is reaching across time and space, your supernatural healing, your supernatural anointing, and your supernatural power is coming into their heart, right now.

Let all the persecutors persecute them; let even their wives and children persecute them, but let them not let go of your hand and your heart for when they stand in righteousness and in truth and depend on you, that whole family will be saved.

Father, we thank you for the miracles you are doing right now, for the miracles that you are starting to do all over this world, as a new leadership is arising; the old leadership has been removed. We are free now, we are free to pursue you in our lives; we are free to come back to you.

The churches are now free from that tyranny, from the Korean leadership tyranny; it is freed, no more. The time of liberation and complete freedom has been announced by True Father, the age of indemnity has been announced by True Father to be done! And we declare it upon the world body today!

We declare the age of liberation and complete release to come right now to all the churches in the nations, as they rise up and choose new leaders who will lift up their King, who will honor their King, who will exalt their King. Let us never do it for our own glory or for our own passions, but always for the glory of your Kingdom.

We thank you, Father; we know that you are leading us, and we give you all the praise, glory and honor.

In the names of all the central blessed families and in your precious name we pray!

Let's give God some praise everybody!

Let's stand up and **read CSG 765:**

We are destined to go to the spirit world, the unknown world. It is a world that expands into infinity. When you go there you will be able to meet all your ancestors. It is a place where you can meet thousands and tens of thousands of your ancestors. Your ancestors will evaluate you when they meet you. (1986.3.9)

Amen! Aju!

I'd like to invite everybody to come down today, and I want to ask you all, "Let's pray for those leaders! Let's pray for them because they need our prayers at this time." Actually I'd like to ask you to face them, and we are going to pray for them as a body, as a collective body.

Yes we do believe in the transformative power of Christ, yes we do believe God can turn the worst sinner into a saint. Yes we do believe that God can turn anything around, and that his power is greater than any of Satan's deception. We do!

That is why we are filled with God's power, because we believe and we know; we see transformation now, and all of us as the knights of CIG who are protecting his Kingdom, we stand, we pray for you, you leaders, you Korean leaders, especially, who are deceiving yourselves.

I ask all of those here today: "reach your hands out to them right now, let's pray for them, and let us pray in a collective prayer to help them be freed from their own passions and desires, and to help them come to their family, and come to the head which is Christ.

Let's pray for them:

Heavenly Father, we pray that you would touch every single one who is watching this sermon, Father, not only the leaders but even the normal member who is in the wilderness of Switzerland. We pray for all the holy hands that arise here today; every single one of these hands that is raised has been persecuted for standing for You Father.

They have been persecuted for lifting up your name as a King; they have been persecuted, being judged that they don't love their Queen. But Father, you know we have to stand at this time for you! What if Satan got away with it? What a shame and dishonor would come upon the entire Kingdom and the chosen people!

Father, we pray right now that all the hands who are raised, who are hands that are soaked with tears and your blood, soaked by the power of your suffering, to save and redeem us, to bring us into your family as your children.

God, we ask you right now: these hands that have walked through trials and tribulation and are being persecuted right now, that these holy hands that are raised can touch somebody who's out there to come to their knees in repentance, can touch somebody out there in a supernatural way with your supernatural power, to start bringing Goliath to his knees in repentance.

Father, you have the power; you are doing that miracle right now as the whole world church is watching. Father, we lift your power now! We lift your power and anointing now! We lift your Holy Spirit which can move unfettered now!

Father, we ask that you convict, you enter into the hearts of the top leaders; that they will turn to you again. Father, we pray as the body, the body of Christ who is suffering for you, who is picking up our cross to follow you, Father, who is grateful for that grace that we have the honor of standing as knights and Samurai and warriors to protect you,
We thank you for that anointing and grace; we thank you for that power and that tremendous gift!

And what a time this is, Father; no movie could encapsulate this time in providential history. No historical drama could ever come close to what it is your Kingdom is going through now.

But Father, we know that you are in control, and you know those leaders who repent, you know their hearts, Father; use their life to inspire thousands of generations. You will turn what has become a great sin into a victory that will save lives, and give new hope to generations to come.

Father we pray, all of us hands raised pointed towards them, that they will do the right thing, that they will bend their knees before you once again, and fall in love with you again, depend on you once again, lose all their secular power but depend on you, thirst for you, yearn for you, dying for you. Father, that they would come back to that original spirit because we know it's inside of them, we know they gave their life to you; we know that it's inside buried deep.

And Father, maybe this is exactly what needs to happen to bring it out, to stimulate, to electrify that heart which is buried under legitimization and justifications and different crazy explanations, when they know what they've done is wrong.

Father, let this be a moment that turns history right now, a moment that will change the history of CIG, right now, let new anointed leaders arise. Send them here, and let us create the Kingdom, once again to glorify you, to lift you, to exalt you, to thirst for you, to bring you to higher and higher heights. As your children that is all that we want.

We pray all these things in our own names, as brave knights of CIG, as the Army of God, and we stand in love for those who will come.

We thank you and pray all these things in your precious name and we give God praise.

Let's give God some praise, everybody!
