The King Reigns Forever

March 15, 2015

You know the Greek word for 'worship' is *proskuneo* and that means: to do obeisance to, to do *Og-mansei* to, *kyung bae* to. That's what it means! It is *proskuneo*. When we are singing these songs, that's what we are doing. We are worshiping God; we are giving Him all the praise and glory that He deserves! What powerful, powerful lyrics in these songs we sing!

Let's talk about 'The King reigns forever!' Amen! Let's look at Psalm 99. This is the whole Psalm; this is all of **Psalm 99**, and let's read it together! It's powerful! So powerful! Let's read it together:

1 The Lord reigneth; let the people tremble: he sitteth between the cherubims: let the earth be moved.
 2 The Lord is great in Zion; and he is high above all the people.
 3 Let them praise thy great and terrible name; for it is holy.
 4 The King's strength also loveth judgment; thou dost establish equity, thou executest judgment and righteousness in Jacob.
 5 Exalt ye the Lord our God, and worship at his footstool; for he is holy.
 6 Moses and Aaron among his priests, and Samuel among them that call upon his name; they called upon the Lord and he answered them.
 7 He spake unto them in the cloudy pillar: they kept his testimonies, and the ordinance that he gave them.
 8 Thou answeredst them, O Lord our God: thou wast a God, that forgavest them, though thou tookest vengeance of their inventions.
 9 Exalt the Lord our God, and worship at his holy hill; for the Lord our God is holy.
 Amen!

When you see here the words 'worship, worship,' that is *proskuneo*; that is bowing; that is surrendering, yielding to God. It is the posture of any believer, any person who wants the anointing of God, who wants God to move in their life. We cannot do that unless we surrender and yield to God, amen! That is the most fundamental part of worship; it's to surrender, it's to yield to Him. It's to let Him take control of your life.

This is an amazing Scripture, because in here we also see that God- look at this: '*takes vengeance of their inventions*'. God is provoked to anger, when the people leave Him; when they chase golden calves and idols of their own inventions and try to worship themselves, God becomes angry. Because it is a real betraying of the love of God, that He is pouring out upon His people; and that provokes one who is giving love to anger.

It is an important thing to understand, that God's anger or wrath is not some type of emotional incompetence, that He cannot control His anger. Instead we have to see God's wrath as calculated; it is a calculated and it is an emotionally mature reaction, to peoples who are desecrating Him, leaving

Him, who are taking on licentiousness and sin, and it is a call that God is making to hold back His people. Amen! It's very important to understand that context of God's wrath.

You know when we are singing songs of praise to God, and we are worshiping Him, that's not a common way we think about how we serve True Parents. We usually say, "We attend them," but really what is at the core of attending a King, the core of attending them? It is an act of worship; it is surrender and yielding to the authority of the King, to be filled with joy and gratitude to be in his presence for something we do not deserve.

And that is something that we actually lived through. We had the historical blessing of actually walking with Messiah on the physical earth. That is a dream that thousands and thousands of years of faithful fervent believers have dreamed about! But we had the privilege, the honor, the glory of walking with the King!

Video of the Crowning Ceremonies:

Out of Korea we finally got the first version- it was edited but it was the first version- of the crowning ceremonies, the ones that they're trying to remove from the internet. So finally, someone in Korea has gotten a hold of this, and has sent it to us.

This was 2009 as we're having this world service, and the world church is watching; thousands of members across the world are watching. This is something that many have not even seen, but something that we've of course many times alluded to, and it is a historical ceremony. The actual title of the ceremony was:

"The Great Coronation of the Authority of the Liberation of God, the King of Kings!"

(The video is playing) This was held on three different occasions, in the Cheon Jeong Gung Palace. It was the Coronation of God's Kingship with all the different crowns of the world. As you can see here, representatives of their tribes were bringing crowns. The eight religious leaders were bringing gifts to bestow upon True Parents. And these are the attendants coming in.

It was the first time that anybody wore the crown and the robe of True Parents, first time ever! Father made us wear the crown and the robe that you see there. That was *his* crown I had to wear! That crown is platinum; it is encrusted with jewels - I don't know what time type of jewels - blue jewels, pink jewels, and rubies. And he made us walk behind True Parents until the stage.

And in this ceremony Father released this Blessing; this Blessing is a tremendous Blessing! This was in 2009. In Korean it says (*Hyung Jin Nim reads in Korean*) That's what he says and what that means is, '*In the Coronation of the Settlement of Cosmic and Earthly True Parents' Holy Authority, the Blessing of True*

Parents is passed down to this couple! That is the Blessing that Father read, and that he prayed over us. These are actually the crowns that we had to wear.

Now you think about it from my perspective! I didn't want it; it's a very uncomfortable situation for me, because I have all my siblings on the stage in the auditorium, and I have everybody watching and this is the time where we're dealing with the Kwak group. So it's a very, very, uncomfortable situation if you understand the sort of behind -the- scenes issues that are going on; it's not a comfortable situation to be in.

But for Father to release *this* type of Blessing, a Blessing that is greater than the blessing Isaac gave to Jacob, greater than the blessing that God gave to Abraham, that *'the Coronation of the Settlement of the Cosmic and Earthly True Parents' Holy Sabbath Authority is passed down onto this Couple!* The gravity of that Blessing which was never, ever, done before!

And just in case anybody missed the importance of the gravity of that Blessing, Father did this ceremony again the following day! So we had to dress up in the royal garb, we had to wear the crowns, not only once and then it was over, Father did it the next day, and he made us do this again. And then he flew to the United States, and we had to do the same ceremony again in the Manhattan Center.

(Showing the video) This is the second day; you see all the blue robes that the attendants are wearing? Now this is another day; this is the 31st! We had to do it again on the second day; same thing! Because Father knew, I guess, that he had to set the condition in front of the entire heaven and earth.

And I know somebody's going to look at the stage and say, "Oh, look! There are two white thrones! Thus maybe we should believe in heavenly parents, and there should be a father god, and a mother god." I know somebody's going to say that. Hello, people! I'm the one with True Parents who designed the stage! I had to approve it, and I had to pay for it! The white thrones represent True Parents in the spirit world, and the lights above that- there are rays of light- represent God, whom they are centered on! So I don't want to hear any provocateurs talking about the two white thrones. I had to approve the two white thrones for the stage and then I had to give the order for the check to be paid for that stage!

And look at the lights! Did you see the lights above? That represents God! Because in Father's words, he says that even when we enter the spirit world, we cannot see God. God is like light in the spirit world. That is what that stage represents: the universal, the cosmic realm of the spirit world where True Parents are the King, the earthly realm where they're here with the thrones next to them, and centered on God, the light of God, the Creator, the everlasting Father, which comes down.

This was probably one of *the* most significant ceremonies, because up to this point, Father had not been clear who would be his successor. And this is the reason why the archangels try to hide this

video, and try to erase it from the public record, but see; God is always greater than Satan, because even though they try to erase it, God has a way of releasing the truth. Amen!

We're going to get the real version hopefully, with an unedited version, for the public and all of history to see. Remember that was done in 2009; that was done on two continents, on three different ceremonies, where we had to walk in royal kingly attire, and I had to wear Father's actual crown that he used in previous coronation ceremonies.

So for all the provocateurs who want to pretend that I was not crowned, and not given the authority and blessing of True Parents, well now you see; you see. And I stand now in the strength and the confidence that I am who God anointed me to be. Not to fulfill or to make archangels happy, but to stand strong in the anointing that the King has placed on me, because I need to be an instrument for his peace, for his rule and authority.

It was in 2010, when that whole ceremony was being challenged, in particular by the Kwak group and in the Cheong Pyeong group behind the scenes that Father then wrote the actual Declaration, to be even more clear who his representative person would be.

Father's Declaration:

This is the one we've looked at a couple of times, and right here he talks about the King of Kings, God, True Parents, the thousands of generations of the citizens of one bloodline, one lineage and one peoples, of a nation, and children of the Heavenly Kingdom.

And then he goes on talking about the World Mission Department, and then he says, "My representative - *Tae Shin Ja*"; this actually means my representative physical body. The word there *shin* is the Chinese character for 'body'. 'My representative physical body', right there, *Tae Shin Ja*, and *Sang Sok Ja*. *Sang Sok Ja* means 'my inheritor.' What that means in the Asian context is 'my inheritor of all my authority, all the Kingdom; my entire authority is poured into, bequeathed to' - and Father writes: this is my name in Chinese characters - 'Moon Hyung Jin.'

This is how clear Father writes. I'm not making this up! You look at the thing! You see I didn't crown myself! I did not anoint myself! The King anointed me! The King of Kings anointed me! The King of Kings said I will be his body! The King of Kings said I will be his full inheritor! I didn't appoint that! I could not appoint that!

And this was then sealed by the royal seal. This, anybody who knows Chinese characters, it said "Moon Sun Myung- *in*" which means '**the stamp of the Royal Seal**'. Father didn't just write his name, right Japanese brothers and sisters? You can see it: '*in*' means 'the stamp', right? Anybody who knows Chinese characters can read. Father didn't just write his name; he sealed it with the royal seal!

So, see these foolish archangels trying to pretend that they can remove Father's authority and anointing! So stupid! This is his royal seal! This is Father's royal seal! Do you understand that, archangels? The royal seal of the King!

And we have to understand that in True Parents - this is something the world church is now learning- in True Parents is the symbolic relationship between God and man. The Messiah comes for his bride; the bride represents humanity. The bride represents the body of Christ that is to be wed to the Bridegroom into a deep and intimate relationship. The providential portion of responsibility throughout the entire providence is 95% God, 5 % man. Amen! We know that much!

People do not understand that you cannot interpret True Parents through a postmodern humanistic secular feminist ideology! They are not 50/50! Do you understand that? They are not 50/50! True Father has absolute authority in True Parents! And because he stands as the Messiah, and because he stands as the absolute subject, his portion of responsibility and ownership is 95% of providence, of True Parents, of Cheon IL Guk, of everything! And Mother represents man or she represents the believers who must cleave to the Bridegroom, and our percent of responsibility is 5% percent!

If you know the Principle, this is not confusing; if you know the Principle and stop trying to interpret True Parents, bending them to *your* likeness or what *you* want, and you speak with what the Principle says, you will see why Father and Mother had the relationship that they did. Because it is the relationship between God and man, between the Bridegroom and the bride!

It's not meant to make you feel warm and fuzzy, and make you feel that you can sell them to some liberals in a postmodern world! It's to show you the actual structure of the Kingdom and of the King! And we have to face that reality of True Parents, and not live in some delusion where we're trying to bend them to our likeness in this generation, in this 21st century. What's the next generation going to do? Try to bend them to their next century? Then the next generation will try to bend them to their next century?

We have to be clear that in True Parents there is an order. They are equal in love and in value, yes, that is true. A child can go up to the grandpa and yank on his beard *in love*, not in authority! If he does it in love the grandpa will forgive him and think he is cute. If he does it in authority, "come over here you old foggy grandpa!" and pulls on his beard, he's going to get smacked; he's going to get smacked! It's the same type of thing. In love, True Parents are equal, but in authority that is a different matter. There is an order, and there is a hierarchy in True Parents.

See, the more the members of the world church get out of this little delusional dream of trying to bend True Parents to a 21st century postmodern humanist philosophy, the more you are going to understand why, when you actually saw True Father he was the way he was, and the more you are going to understand why he was so powerful and so strong, because he stood in the position of God in that Blessing.

(*The Declaration*) This was in 2010, so this was a little over a year and a half after the three crowning ceremonies, because people did not want to believe that Father *did* crown his successor, and that he did put True Parents' authority and True Parents' holy Sabbath authority, holy authority, in his successor. And then he went on, a year and a half later, to actually write it with the royal seal, just in case anybody wants to play delusional games and wants to deny it.

You see, Father knew; he knew much more beforehand what you, archangels, would try to do. He knew you so well, you pitiful archangels! He knew exactly what you would try to do, and that's why Father was so clear.

Archangels, you're going to be screaming today, because I have to do the final offering before Heaven today; I have to offer the dove and the pigeon, otherwise your power is not destroyed. And the little secrets that you think you are holding will be revealed.

Secrets of the Palace:

- True Parents' Marriage
- Archangels' human interpretation of True Father
- Palace of Malice
- Archangels keeping secrets to "protect" True Mother
- Making her fear/hide her reality to exploit her
- Salvation of Jesus on the Cross

See, what most people don't realize is that the marriage of True Parents was so filled with suffering! True Parents' marriage was not a happy marriage, like how they are trying to show in the pictures, or how we want to try to pretend to believe, but this has to come out in the era of the noon time sun. It has to come out! True Parents' marriage was not a happy marriage! It was not a marriage filled with joy and laughter and peace. In fact it was filled with so much torment and suffering and torture! This is probably the first time any of you are hearing this; but it was filled with so much torment!

In fact it was so painful just to be around True Parents. This is what you guys don't understand. All the True Children, we all know this; that's why many of us still have psychological, spiritual scars that still traumatize us today when we think about True Parents. This, you don't understand, because you don't live with them; you did not have to live with them. You could see them on a stage, you could see them singing a song together, and they would go; and that was your vision of True Parents.

You don't know behind-the-scenes; you don't know what he was really like. I can remember, as a young boy, getting ready to go to *Kyung Bae* in the family room of the new house in East Garden, and just filled with terror; filled with terror! Young little boy; I was eight years old, I believe, when we moved into the new house.

See, this is the little secret that the archangels don't want to come out, because they believe that if the truth that True Parents' marriage was not full of joy, that it was not full of happiness as you see in the pictures, that in fact it was filled with torment and pain; they believe that if that truth comes out, we won't believe in True Parents any more.

I remember when the wrath of God was being poured through True Father onto True Mother; just wrath, holy wrath! And it was so painful; everybody would be crying in the room. All the sisters would be crying, weeping, and the younger children we were all crying. And we would see that before our eyes, then we would have to go out in public, pretend everything's great, "photo, take a photo right now; okay, you are supposed to smile, photo!"

See, you don't know the reality of what we know; you don't! You pretend to know the reality, but you do not!

And I remember whenever that happened, and everybody was gnashing their teeth, crying, weeping, I remember everybody would huddle up, everybody would go and especially the attendants, the archangels, would go to Mother, and they would say, "Mother, how great is your suffering! Father's too much, too much!" Then she would weep and cry, and they would draw her in, "I am your consoler! I understand *you* Mother! I understand how *you* suffer, how *you are suffering!*"

And this only got worse as they started building the Palace, the 'Palace of Malice' -this is what *we* refer to it as - as they started building the Palace!

I remember seeing them taking every opportunity to take dominion over Mother: "Mother, your victory, your palace has glorified True Parents! Mother, your ancestry has glorified him!" And it progressed and progressed, and all the True Family, we had to see this, and we could not do anything about it.

Many people want to go after our family members without understanding this kind of upbringing. We had to be involved in court politics, backstabbing, intrigue, constantly in the middle. I don't judge any of my siblings; I know what they've been through!

But there is a reason why Father chose me. Because no matter how much suffering we had, we still had 5% responsibility to obey him. And that's why in the priestly position and in the spiritual head position, Father put me; because I did not commit the first and foremost cardinal sin of Cheon IL Guk, which is the fall before marriage, and maintaining the Blessing the Father gave. And that is why Father asked me before the crowning ceremonies, "are you pure?" And in his mind he's requiring for that position to represent him, to have a pure blood lineage, if you are to stand in the position of the spiritual heir.

And that's painful to hear, yes it is. But that's what Father said, and as you know that was the first and largest sin he put in the law of Cheon IL Guk. Nobody has the right to stand in the priestly authority,

the spiritual authority of True Father, unless they're given his anointing and confirmed by him, of an un-fallen blood lineage. It's that simple!

I don't even have to go on, on how central, lineage is to the entire Divine Principle, and the entire purpose of creation. I don't even have to go into that; it's so central to everything that the Kingdom is founded upon. And Mother knew that; she knows that! I remember when Father passed, she said to me, "I know your lineage is pure!"

But this is what people don't understand about True Parents; you don't understand how much torment was in their marriage. Because you see, we want them to be the example. We're talking about ideal families, Blessed marriages, and they're the True Parents; so naturally we feel they have to be the example of how we should live our marriages. And when we actually know the reality of their Blessing, of their marriage we immediately feel ashamed, and we immediately feel this is not marketable, and we immediately feel that this will not be presentable to society, so we are ashamed; we are ashamed! Instead of understanding what the actual purpose of True Parents is! It's not to be a John Gray; it's not to be some marriage counselors, to help everybody have a happy marriage.

True Parents must go on the way of the ten thousand living crosses to pay the indemnity of the entire human history! That is why they suffer in their marriage!

You see, this is what the archangels don't want the people of God to realize! Because they feel if they can keep this little secret, well Mother will be indebted to them, because they're protecting her and they're guarding her from this terrible reality of their marriage, the six Maries, the Sammy, whatever it is; they're guarding her, they're not letting people know about it, they're keeping that little secret, so that she is indebted to them. So that she believes they are the ones that truly love her. But you are the ones who are using her and exploiting her! Pitiful! Pitiful Satans!

Let me tell you something as the inheritor, the full inheritor of True Parents! Let me tell you something about Jesus! You know what? When Jesus died, do you know how ashamed people who followed him were of Jesus? Here he is! He's supposed to be the Messiah, and the Davidic prophecy says that the Messiah is to come; he's to take Jerusalem, he's to vanquish out the enemies, he's to restore peace and order to the world, and he's to build the kingdom. And you follow this Jesus for three years, and now he's dead on a cross as a criminal!

What happened to the Messianic prophecy about him taking Jerusalem and vanquishing the enemy, restoring the people of God? What happened to all that? What a shame! He didn't have twelve people who followed him! They were all denying him at the end because they were ashamed!

But you see, that's why God *does not work* through popularity. God works through his will and when the people were ashamed God turned the most shameful thing into the way for salvation to humanity, and to believers. What was of the greatest shame became the way to salvation!

This is what you, foolish archangels, don't understand. You see, I'm not ashamed of True Father's six Maries! I'm not ashamed of Sammy! I'm not ashamed of True Parents not having a happy marriage! You know why? Because as Jesus died and suffered on the cross for me, they lived on the cross and suffered for my marriage! And they lived and suffered on the cross for my family, so that I would be free and I would live in peace!

But you think it is the big elephant in the room, the big shame; that "if all the people would find that out, oh, they would lose face in True Parents!" You foolish, foolish, demons! What is our greatest shame God turns around to be the greatest victory, and their Blessing is a victory. The fact that True Father suffered in his marriage is a victory! The fact that they had torment in their marriage is a heavenly victory, because they paid the price for all of the historical fallen evil, illicit relationships, and they paid it through their blood!

And you want to take that away from them! You want to strip that away from them so you can pretend to be the protectors of True Parents. You are nothing but frauds, illegitimate desecrators and idolaters; that's all you are! And you are of your father the devil! That's where you are from! Because you have shame of True Father! You are ashamed of him! You don't realize what his course was. He's not to be a 'John Gray, doctor PhD, show me how to live a happy marriage with my wife but not conflict, give me the five steps to happy marriage, the five keys to listening'; he's not to do that!

He is to pay the historical debt that has been accumulated through fallen, evil, illicit, relationship, and he is to wipe that clean! He is to clean that from the face of the earth and establish his lineage, God's lineage on this earth!

See, because you don't know True Parents, you want to use this prop to enslave Mother, and you have made her believe you. You have made her believe that if this gets out, everything's over; nobody will respect her. If this gets out, nobody will ever get blessed again. No, no, no! See, this is exactly what the devil told the early believers, "your Jesus is a failure! He is a shame! He did not fulfill one of the biblical prophecies of Messiah! He did not fulfill any! He died as a criminal on a cross! Be ashamed of this Jesus!" This is what Satan told the believers.

And this is the big elephant in the room that the world church knows is there, but nobody can talk about it, and nobody understands what the true meaning of that suffering was!

You see, you all think that True Parents are like in the pictures, or like what you see them, and they're singing songs together. Yes, in reality there are moments like that, in normal life, but that is not, the majority of how they are.

I remember that the archangel had to get control of Mother so strong, that he made her believe that *she* was born sinless, and Father was born sinful! I remember sitting in the palace in front of the fireplace with Father and Mother, and she said to him, "You, Father have fallen blood lineage!" And Father's mouth dropped to the floor; it dropped to the floor!

See, you don't want to tell that reality to the members, do you, archangel? You also don't want to tell them the reality of when True Parents were in Las Vegas, and when you told all of the Ipeace TV and those guys, "Don't show these videos! Turn off the recordings!" because Father was saying, "Mother, I will divorce you!" That's what he was saying to her! You all saw it; you all heard it! That's how much suffering he was going through! But you hid it from the members.

In this age of transparency, noon- time settlement, you hid it, because you want to pretend you're protecting True Parents. But see, if you're really part of the family you're supposed to understand what these things are; you're supposed to understand what the context is when these things happen.

And I remember all these people running to Mother, saying, "Oh, my God! Oh, my God!" and she's crying, and they're crying, "Oh! My God, Mother!" and I totally understand that. I'm not a cruel person and I totally understand when somebody's emotions are hurt. But she's in the position of True Mother! And the attendants and the archangels and the people around her have a responsibility, a responsibility to remind her.

I remember I was talking to the attendant sisters, and I told them: When Mother is weeping you cannot just go to her and say, "Mother! You're so poor! You're so poor!" You cannot do that! You must help her to, always, always, return to the Messiah. So whenever there's resentment and anger and pain you have to say, "Mother thank you for walking this course of True Mother! Thank you absorbing the wrath of God so that it does not come to your children!"

You see you are supposed to thank her, and remind her of what she's doing! Not saying, "Oh! You're a victim, victim; you're poor, you're poor! You're a victim! You're a victim! I understand you! I understand you! Listen to me; help me!" This is exactly what they did, and this is what the worldwide membership will now understand, because war games are controlled, and some are about to be destroyed.

I remember my whole Cheon Bok Gung staff was in there; we were in a meeting with Mother, and again she started talking about, "Father had fallen blood lineage" and, "I am the only begotten daughter," and all this kind of thing. And I told her, "Mother, please, you cannot say that!" I was the only one who could challenge her!

I said, "Mother, please you cannot say that! If you say, "Father has fallen blood lineage, that means *you* are not pure; that means you as True Mother are a fake! If Father has fallen blood lineage and he doesn't have the seed of God, then you are a fallen mother! That's what it means! And it means that all the children that you bled to bear are all fake, and all the Blessed Families in the world, all of the Blessed Central Families are all a big hoax! If Father does not have the seed of God and bring the lineage of God as the Messiah, then we are all nothing before heaven; zero, nothing!"

And nobody wants to tell her that! Nobody wanted to tell her that! Why does the little boy of the family have to have this job? It's not exciting for me to have to challenge and chastise my own mother! It's not exciting to do that! Do you understand that? It is not fun for me to do that; to try to explain to her, "Mother! If you say that then you're discrediting yourself!" You see I have to really deal with True Parents! I don't just see a picture of them or hear a speech while I'm listening on a little radio phone back there; I have to deal with them! I have to live with them! I have to wash them! Eat with them!

This is what you archangels, are holding Mother on! You know what? It's time for Mother to be free! To be free! You don't need to keep her little secrets anymore; she does not need to have secrets. She walked the path of indemnity with Father! She does not have to have a joyful and happy marriage to make us all believe! We believe in True Parents because they are who they are and Father is who he is! Not because we are all the fruits of it, or because some colleges and professors give us the 'okay!'

We believe because of the blood, because of their suffering on the cross, on the living cross. And Father had to suffer his entire life! Yes he did! Don't you dare think it's only Mother who suffered. Father had to suffer in his marriage; and he did so, so I would be free, so we would be free in our marriages! Satan would have no claim on our marriage because he struck and he whipped and he tormented the most precious marriage. So he would have no more claims on the descendants who have received the Blessing!

So I must do the final offering! I must offer up the final dove and pigeon! Abraham had to cut the heifer and the goat in half! Why did he do that? He had to separate good and evil! He had to separate good evil! And that is why we are doing what we are doing. We are doing the offering and the sacrifice, so as to separate from you, Satan! That's what we are doing: we are separating from you! And the final offering must be made!

Final Offering:

- *I, Hyung Jin Moon, the Crowned Successor to the Absolute Subject of True Parents and the King of Kings, in order to free True Mother from her exploitation and bondage, hereby declare that all of True Mother's authority and power are stripped away and removed from her in the Kingdom of Cheon IL Guk, so that no exploiters, desecrators, idolaters, or Satans can hide behind her anymore to justify their evil, sinful and vengeful assault on the King of Kings, True Father, His traditions, Scriptures, Covenants and the Kingdom of Cheon IL Guk.*
- *True Mother must return to her sons, the True Cain and Abel, appointed by the King of Kings, to establish the Age of Settlement with them and to return as the object partner of the King, worshipping and glorifying Him forever. The ancestors of the spirit world and the peoples of the physical world are ordered into action to "fearfully" and "wonderfully" effectuate this outcome so as to bring about the Direct Dominion and Power of True Father, the King of Kings, to the Earth, to rule and reign and establish the Kingdom of God, which will last forever.*

Amen and Aju!

'What is loosed on earth is loosed in heaven!' And I have the authority, as you saw, given by True Father, of True Parents' authority. Your kingdom is now going to collapse and our mother will come back home, so she can live with her children, and that she can play with her grandchildren, so that she can live out the rest of her days in the worship of her King, and the glorifying of her King, and have an honorable life away, free from you, exploiters, and free from you, desecrators. And she can return to her children!

CSG 269:

A teacher or sovereign who follows the pattern of parental love will pursue the environment of a heavenly nation which Satan cannot invade. Since the evil one's sphere of false love cannot invade, a realm of liberation will unfold and create the heavenly kingdom on earth.

I want to ask everybody to stand today, and we want to pray. Let's pray for True Mother today. Let's pray: If you know some of your ancestors in the spirit world, I want you to call them by name in your mind; if you know their names call them. If you know the names of your ancestors, they're now warring angels, warring good spirits that will fight this kingdom of evil and Satan. Call their name out in your mind; call them. You have authority over your ancestors as the first ancestor of your tribe. Call them to this place!

Let us pray together:

Heavenly Father, King of Kings, Lord of Lords! Father, this day we see the liberation of Your heart! On this day, Father, we ask that You loose, You loose the kingdom. Father that who would bind the powers of Satan, that they would be rebuked and cast into the sea! Father, right now all your holy army and warriors are calling upon their ancestors who stand as spiritual armies and spiritual angelic warriors to fight for Your Kingdom. Right now, thousands and thousands of angelic beings are descending upon this place!

With the glory of heaven that is pouring out from your Holy Spirit, Father, fill us, help us in this time, Father, so that we would be instruments that would effectuate the saving of Your Kingdom, the restoration of Your Kingdom. Father, it is not positions and power which make us holy; legal positions, and power! What is that?

Mother is our mother; she is our children's grandmother. Something that she never got to live; something that she never got to experience! Father, let her experience our family, without political intrigue and court politics! Father, let her experience the simple joy of waking up and seeing her grandchildren run to her without any political attendance putting strings on it! Father, let her be free!

From this day forth, she's free now from that authority! Now she can return to her home with her sons who are her true protectors, and her sons who are her true love on this earth! As their Father protected her, so too do Cain and Abel protect her. And Father, we ask that You will just say the Word, because when You speak the Word, and armies are released from the Heaven, we will see before our eyes the collapse of Satan's kingdom.

Yes Father, through that, there will be great judgment and tribulations, yes! But it will be necessary as the final sacrifice and offering has been given to Heaven, that the final separation between good and evil will be done, and that Your Kingdom will come through Your direct dominion, by You coming directly into the lives of your children, and filling us with your mighty Holy Spirit, which will give us more than might and power, and will give us the holy armor of God to take on the enemy and vanquish Satan from this Kingdom.

Father, You are mighty and You are holy, and You are our King, and we hold and stand with our spiritual armor and weapons ready, on the front line with You. We thank you for Your incredible work, because we know now that *what has been loosed on earth, is now loosed in heaven*, and that we will be part of the providence to reclaim Jericho and the Promised Land, and we will see the Kingdom in its greatest glory. But before that, we must destroy the false kings and idolaters who have stood on your path. And we will bring them to surrender and submission by the power of Your spirit, and the spirit of all the ancestors that will stand as the angelic army behind You.

Father, we will see the New Jerusalem descending from Heaven, and we will sing the glory of Your Kingdom, and we will rejoice and seat with You at the feasting table, where, once again we can see You with Your married Bride, and we can see You rejoicing in the Kingdom of God, and stand there singing and celebrating and shouting praises of glory as the trumpets of Heaven and the sounds of Heaven saturate that place! Thank You, Father! Thank You Father! And now it is done!

We give You all the praise, glory and honor, and we offer all these things in the Central Blessed Families' names; and in Your precious name, we pray! Aju! And Amen!

Let's give God some praise, everybody! Hold your neighbor's hand: Let's give one big round of *og-manse*. Hold your neighbor's hand; let's do a big *og-mansei*! (*Three shouts of og-mansei*)

Thy Kingdom come! Thy will be done! Hug your neighbor. God bless you everybody! God bless!
